

THURSDAY MORNING, DECEMBER 27, 1928. C

Will Rogers Remarks:

NEW YORK, Dec. 26. (To the Editor of the Times.) Mr. Hoover changed his mind and is going to Washington and break the news to the office seekers. Instead of having them come down to Florida and him have to feed 'em while there. That will knock these two railroads out of the biggest business they would have all year. A President-elect's popularity is the shortest lived of any public man. It lasts only till he pleases his Cabinet.

Yours, WILL ROGERS.

PEACE PLAN SUBMITTED

Way Cleared in Latin Row

Mediation Protocol Before Paraguay and Bolivia Governments

Frontier and Rail Treaty Accepted by Brazil and Neighbor

WASHINGTON, Dec. 26. (AP) — A concrete plan formulated by the Pan-American arbitration conference establishing an international panel of nine judges to conciliate the Paraguayan-Bolivian boundary dispute today was before the American and La Paz governments for their approval.

DAY'S NEWS SUMMED UP

Still in formative state, scientist tells opening meeting of national association. Page 1, Part I.

DAM FUNDS REQUESTED

Survey Cost Up to Congress

Commerce Chamber Told Long Time Must Elapse Before Completion

State Ratification Likely to Cause Delay of More Than Year

WASHINGTON, Dec. 26. (Exclusive) — Congress at this session will be asked to appropriate \$100,000 to provide the expenses of the preliminary surveys which must be made before actual work can start in the Boulder dam project. It was announced today by Dr. Elwood Mead, Commissioner of Reclamation, who will have general supervision over the enterprise.

SEVEN YEARS' TASK

In replying to an inquiry from the Los Angeles Chamber of Commerce Dr. Mead pointed out that construction cannot start on any portion of the project until the Colorado River compact has been ratified by at least six of the seven States, and gave it as his opinion that this will mean a delay of from twelve to eighteen months. He advised that seven years probably would be required to complete the project from the time construction is begun, using here the estimate of time submitted by the Silt Engineering Commission.

COURSE OF PROCEDURE

First, ratification of the compact by all seven States in six months, or by six States thereafter.

Even Doctors Denied Autos

HAMILTON (Bermuda) Dec. 26. (AP) — The Bermuda House of Assembly has refused by a margin of one vote to allow physicians of any grade to operate automobiles. Permission would have about doubled the ten motor vehicles in the colony.

Two Die Past Century Mark

DUBUQUE (Iowa) Dec. 26. (AP) — John G. Strelau, 101 years of age, died here today, when he fell in an attempt to catch a toy balloon released by his grandson. Strelau had given the balloon to the boy on Christmas.

RIGGS WILL BE NAVY'S NEW SURGEON-GENERAL

WASHINGTON, Dec. 26. (AP) — Capt. Charles E. Riggs has been selected by Secretary Wilbur to succeed Rear-Admiral Edward Stitt as surgeon-general of the Navy. Capt. Riggs, now commandant at the naval hospital, will become a rear-admiral ex-officio after his formal appointment to the new post.

"Fitts!"

ACTRESS MAY QUIT CELL SOON

Early Freedom Looms for Dorothy Mackaye Sent to San Quentin After Killing

SAN QUENTIN, Dec. 26. (AP) — Dorothy Mackaye, Los Angeles actress sentenced to San Quentin for an alleged conspiracy in connection with the death of her husband, Ray Raymond, who was killed by Paul Kelly, actor, may get her freedom next month.

Diamond Field Warfare Feared

CAPETOWN (South Africa) Dec. 26. (AP) — A body of 300 picked police has been rushed by motor bus to the diamond fields of Namaqualand, where defiance of the government's prohibition against prospecting threatened violence. Reports were received here of clashes between the police and the people, who have been reduced to desperation by their crop losses from drought, but no definite information is obtainable.

Steamer Saved Off Sand Trap

ASTORIA (Or.) Dec. 26. (AP) — Lashed by a fifty-mile-an-hour gale and caught by a sharp incoming tide, the steamer Florence Luckenbach was driven on to the sands of Glatfish Spit, graveyard of many ships, this morning, and was pulled off by two tug boats after more than four hours' battle with the storm.

Toy Swallower Has Pneumonia

CINCINNATI, Dec. 26. (AP) — Frank Brooks, 18 months' old child of Asco, W. Va., who accidentally swallowed a toy motorcycle eleven days ago while eating a package of popcorn, also has been suffering from pneumonia, hospital authorities announced today.

Governor Hurt When Bandits Wreck Train

MEXICO CITY, Dec. 26. (Exclusive) — Gen. Marcelino Caraveo, Governor of Chihuahua, was injured, two trainmen were killed and a passenger whose name was not learned was hurt when bandits wrecked the official train inaugurating service over the Ojinaga-Chihuahua branch of the Kansas City, Mexico and Orient Railroad.

Boyhood Flame of Twain Dies

HANNIBAL (Mo.) Dec. 26. (AP) — Mrs. Laura Fraser, 91 years of age, Mark Twain's boyhood sweetheart and the Becky Thatcher of "Huckleberry Finn" and "Tom Sawyer," died last night at the home of a son, Judge Fraser.

New Air Liner in Kansas Stop

WICHITA (Kan.) Dec. 26. (AP) — A trimmored twelve-passenger airplane en route to Los Angeles from Washington, D. C., landed at the airport here this afternoon and will take off early tomorrow for El Paso, El Paso Morehouse, chief pilot for the Western Air Express, announced tonight. The Western Air Express will use the powerful ship in passenger service.

Chicago Gets Cow Tree Milk

CHICAGO, Dec. 26. (AP) — Samuel J. Record, wood technologist on the staff of the Field Museum, has returned from Central America bringing with him a sample of milk and wood from the Guatemalan cow tree.

KING MAKES SLOW GAINS TO HEALTH

British Monarch Not Yet Out of Danger But Doctors Give Encouraging News

LONDON, Dec. 26. (AP) — The physicians have not yet been able to announce that King George is out of danger, as had been hoped, but their medical bulletin tonight again tells of "slow progress" toward recovery.

Transportation Plea Rejected

SAN FRANCISCO, Dec. 26. (AP) — The Railroad Commission today denied a petition of the Hollywood Chamber of Commerce for a rehearing on a previous decision fixing transfer points between the lines of the Los Angeles Motor Coach Company and the Pacific Electric lines.

Search Asked for Overdue Ship

SAN DIEGO, Dec. 26. (AP) — A request for all vessels plying the northern route to the Orient to look for the American steamer Otida Schuders has been sent out by headquarters of naval operations in Washington. She is reported as long overdue on her way from Seattle to Kobe.

BICYCLE HIT-AND-RUN ACCIDENT REPORTED

BERKELEY, Dec. 26. (AP) — A bicycle hit-and-run case was reported here today when 6-year-old Yolanda Thion, Japanese, was struck down by a speeding bicycle ridden by a youth who did not stop.

BYRD'S EXPLORERS "LAND" ON GREAT ICE BARRIER

Antarctica Reached Christmas Day and Amazing Sights Greet Eyes of Doughty Crew

BY RUSSELL OWEN

DISCOVERY INLET (Antarctica) Dec. 26. (Exclusive) — We have been ashore at last if one can call a floating sheet of bay ice a shore, but as the entire barrier is supposed to be afloat, we have at least been on its door step. About two-thirds of the ship's company are out on the ice in this snug harbor, playing with penguins, sking and hunting seals to get meat for the dogs. We reached the barrier yesterday at Longitude 177.35 W., and cruised along it all last night and this morning. With all we had read of this wall of ice we found that no pictures or descriptions of it could convey an adequate impression. It rose eighty or ninety feet high, majestic and forbidding, beautiful and terrible. We watched it for the most part silently, marking the cleanliness of cleavage where great bergs have broken off, the caves into which the waves dashed, the overhanging cliffs which seemed about to topple into the sea.

GRINDERS GET BUSY

Capital Awaits Hoover

President-elect Will Face Patronage Rush When He Arrives There

Conjecture Rife on Naming of Cabinet While Plots Cloud Atmosphere

WASHINGTON, Dec. 26. (Exclusive) — The intelligence that President-elect Hoover had changed his itinerary and will come to Washington for a ten-day stay early next month through Wednesday today into a welter of plot and counter-plot.

GETS MANY MESSAGES

The presumption here is that Mr. Hoover decided it was necessary to make a survey of the situation on the ground after he has perused the numerous messages sent to him by Congressional leaders urging him to bear down on Mr. Hoover the moment he reached the capital. The President-elect will be based on all sides to decide on the policies that will usher in his administration and to begin cutting the patronage pile.

HOOPER NON COMMITTAL

No answers to these cablegrams were received. Whereupon Senator McNary got Mr. Hoover on the long-distance telephone at Rio de Janeiro last Saturday and endeavored to procure an endorsement of the movement to put through farm relief legislation at this session. Mr. McNary had obtained the day before a letter from Secretary of Agriculture Jardine approving the provisions of the McNary farm relief bill which is virtually the old McNary-Haugen bill minus the equalization fee, and the Oregon Senator was confident that the opposition to immediate legislation would be routed if Mr. Hoover should take a determined stand for action at

MOTHER EARTH LIVELY GIRL

She Has Blisters on Her Skin and Her Complexion Will Change, Scientist Declares

NEW YORK, Dec. 26. (AP) — The earth's crust is not dead or finished in shape, the American Association for the Advancement of Science was told tonight by Dr. Bailey Willis of Stanford University.

NEW SOUTHLAND  
ROADS PLANNEDSecondary Highways Will  
Cost \$20,430,936Arroyo Seco and Lancaster  
Districts HelpedImprovements Will Cover  
Period of Years

SACRAMENTO, Dec. 26. (Exclusive)—Construction of secondary highways in Southern California, as set up in the third bill of 1933, will cost \$20,430,936 and will extend over a period of from ten to twelve years, according to a statement issued today by E. B. Mack, State Director of Public Works.

"The report on the cost of completing the secondary roads in Southern California," said Mack, "is part of the entire highway system now being made. The purpose of the study is to permit the development of an orderly plan for the completion of the present system. Aided by all these facts, the highway authorities believe the present system can be completed at a big saving both in money and time. The first of these studies to be completed deals with secondary roads in the southern group of counties."

These roads are listed in the report as follows:

Route 13 (Salida to Route 22)—section in Mono county from western boundary to Route 22, Sonora Pass, 51 miles.  
Route 22 (Chicoane Lake)—Sections in San Luis Obispo and Kern counties, 71.5 miles.  
Route 40 (Tulare)—Sections in Mono county, 13.5 miles.  
Route 43 (Crest Route)—Sections in San Bernardino county, 50.3 miles.  
Route 56 (Crest to Cambrina)—Sections in San Luis Obispo county, 16.3 miles.  
Route 57 (Santa Maria to Fresno via Bakersfield and Walker's Pass)—Sections in Santa Barbara and Kern counties, 164.5 miles.  
Route 59 (Lancaster to Bailey)—

**BEKINS NATIONWIDE SERVICE FOR SHIPMENT, DISTRIBUTION AND STORAGE OF HOUSEHOLD GOODS**

is made possible through extensive chain of Bekins owned and operated depositories in the West, as well as through our representatives in principal cities in America.

**BEKINS MAP OF THE UNITED STATES**  
★ BEKINS DEPOSITORY ★  
• AFFILIATIONS THROUGHOUT THE NATION  
• NEWA CONVEYANCE  
• DEL. Mon. Cal. Jan 1925

A thirty-four year record of dependable service to hundreds of thousands, evidenced by countless unsolicited testimonial letters, is ample proof of our ability to serve satisfactorily. The "Bekins Way" is the Right Way. It is the kind of service you are entitled to. And remember—Bekins Service costs no more.

Bekins own and operate modern fireproof constructed depositories, as illustrated here. The total storage capacity is well over 16,600,000 cubic feet. Equipped with every modern facility for household goods storage; cold storage for furs; piano, rug and luggage storage; also mothproofing and rug cleaning service—at moderate prices consistent with good workmanship.

- We have private-owned spur track facilities in most cities where we maintain depositories—this reduces handling of household goods to minimum—saves you money—
- Our pool car shipping plan reduces freight rates to all points.
- Each depository and office has its full quota of personnel to render complete service—
- we maintain fifty shipping lift vans (mammoth steel packing cases—capacity average six rooms of furniture) for Pacific Coast service, interior points, Atlantic seaboard and foreign ports—
- We own and operate 125 up-to-the-minute weather-proof vans for local and statewide moving in California.

A helpful suggestion for your friends and relatives "back East"—who may soon plan to ship their household goods to the Pacific Coast:  
Send them this advertisement in your next letter. They and we will certainly appreciate it. Tell them they may also have a Bekins map of any city in which we maintain a depository.

THE LARGEST ORGANIZATION OF ITS KIND IN THE WORLD

COURT SCORES  
SENATOR-ELECTMissouri Prosecutor's Act  
Severely CriticizedProhibition Agent Trapped  
Into Taking BribeDruggist Paid \$250 to Keep  
Witness From Trial

ST. LOUIS, Dec. 26. (P)—Criticizing the efforts of United States Senator-elect Patterson in a prosecution he conducted in Kansas City as District Attorney, the United States Court of Appeals in an opinion handed down today, said the purpose of government should be to prevent crime and not encourage its commission.

The court reversed a conviction and eighteen-month penitentiary sentence imposed on James Robinson, former prohibition agent, who was tried on a charge of accepting a \$250 bribe from Dan Marsh, Kansas City druggist, and agreeing to abstain himself from the trial of Marsh on a liquor charge at which Robinson was to be a government witness.

**BRIBE APPROVED**  
At Robinson's trial, Marsh testified that with the knowledge and approval of Patterson and Asst. Dist. Atty. Brewer, he tendered the bribe to Robinson in order to trap him. Robinson's defense was that he accepted the money in order to trap the druggist.

"The purpose of the government, through its agents, should be to prevent crime and not to encourage its commission," said the opinion of the appeals court.

"This is certainly true with reference to crimes like the one with which Robinson is charged. Human nature is too frail and weak in many cases to withstand temptations such as might be offered in the form of money."

**DANGER SHOWN**  
"This case shows the danger if not the viciousness, which might follow the approval by the courts of a course which would permit government agents through an indicted person, who admits his guilt, to offer the principal witness against him money to abscond himself from the trial. It likewise shows how dangerous it is to induce a course which would permit the witness himself to solicit from an indicted person money for the sole purpose of ascertaining if a bribe will be given."

"It seems unreasonable, if not unacceptable, that the government through its agents would be permitted to offer Marsh, an admitted violator of the law, immunity, if he could, by offering money, before the chief witness against him to commit another violation of the law. Immunity was bound to be his reward if he succeeded."

**ELECTRICITY KILLS  
WOMAN IN BATHTUB**

SAN FRANCISCO, Dec. 26. (P)—Mrs. Ella Larkin, 33 years of age, was found dead in a bathtub today. An electric cord touching her body indicated she had been electrocuted. An element of mystery entered the case when it was learned the bathroom used by the woman was not her own, but a neighbor's.

BE IT EVER SO HAPPY, IT HAS  
MAN, WIFE, EX-WIFE AND CHILD

WICHITA (Kan.), Dec. 26. (P)—George J. Dooley of Wichita is the head of a peaceful household consisting of his wife, his former wife and his 5-year-old daughter Katherine.

When Mrs. Daisy Dooley received a divorce from Dooley the court ruled Katherine should be in the custody of her mother three days

out of each five, the father caring for his daughter two-fifths of the time. Dooley remarried and now all live happily in the same house. The two Mrs. Dooleys declare they are not in the least jealous of each other. Katherine receives the loving attentions of both her mother and her stepmother, who co-operated in bringing Santa Claus to the home Christmas Day.

Former Suitor  
Held in Crime

OKLAHOMA CITY, Dec. 26. (P)—Mrs. Vida Tyson, 40 years of age, died of a knife wound in her throat today, while E. E. West of Ada, who, a few minutes before had engaged her in a vehement argument, lay in a hospital suffering from three wounds in his throat and a slash on one of his wrists.

West told the police that the woman in a fit of temper stabbed him with a pocket knife and then slashed her own throat.

Dale Stokes, a grocer, who witnessed the argument, related, however, that West cut Mrs. Tyson's throat after thrusting her to her knees, and then cut his own wrist.

Mrs. Tyson was married about three months ago.

Murder charges were preferred against West by C. L. Fleet, 31 years of age, Mrs. Tyson's son by a former marriage. Fleet said West stabbed his mother in a fit of jealousy excited by her recent marriage.

**Reunion First  
in Sixty Years**

DENVER, Dec. 26. (P)—Sixty years ago four sisters and two brothers met in London, Eng., to celebrate Christmas Day. Yesterday in Denver the six met for the first time in the period intervening between Christmas, 1868, and Christmas, 1928, in a reunion which brought its participants from Washington, Los Angeles and Colorado Springs.

The earliest sons and daughters of a one-time famed English cricket player, William Hies, includes Dr. Gertrude De Lano, Denver; Mrs. Elma Vandenhuevel, Los Angeles; Mrs. Emma Baird, Denver; Mrs. William B. Jenkins, Colorado Springs; Harry Hies of Los Angeles, and Alfred Hies of Washington.

Chicago Shy  
of Policemen

CHICAGO, Dec. 26. (P)—Chicago, in proportion to its population, has fewer policemen than Boston, New York, St. Louis or Cleveland. William F. Russell, Commissioner of Police, reported to the City Council today.

He said the city now needs 12,000 patrolmen for post duty. Only 10,000 men are walking beats, he said, an average of one man for every 800 citizens, or twenty-seven for every square mile. New York, he said, has one policeman for every 267 persons and fifty-one for every square mile.

National Hero  
Expires Quietly

MILWAUKEE, Dec. 26. (P)—Herman Strauss, 77 years of age, who played the hero in a fire in 1883 which cost the lives of eighty persons, and whose death was almost unnoticed at his home here Christmas Eve, was buried today. To an older generation of Milwaukeeans the name revived memories of his heroism in the '80's.

Strauss, as he phrased it, "did his duty" in the Newell House hotel. He was a fireman and his rescue of ten persons from the burning building was to him all in the line of duty.

The country, however, when told of his heroism in braving the flames of the worst fire in Wisconsin's history, thought differently. His own city presented him with medals. Detroit gave him a silver water can. New York City raised a large fund for him.

**UNIVERSITY DEAN DIES**  
MOBILE (Ala.), Dec. 26. (P)—Rev. Albert F. Owens, dean of the Belma University, who for forty-eight years consecutively collected funds from Mobile merchants to provide Thanksgiving and Christmas dinners for the inmates of Mobile hospitals, homes and detention homes, died today.

Lewis New Head  
of Commission

WASHINGTON, Dec. 26. (P)—E. I. Lewis has been elected chairman of the Interstate Commerce Commission to serve the year 1929. He succeeds Commissioner Campbell under the regular arrangement for rotation among the nine members.

Commissioner Lewis was chairman of the Indiana Public Service Commission when he was appointed to the commerce commission by President Wilson.

Bank in Texas  
Closes Doors

DENTON (Tex.), Dec. 26. (P)—The Exchange National Bank, one of the oldest business institutions here, failed to open today.

A sign was placed on the door saying "This bank closed by order of the board of directors. Affairs in the hands of the bank examiner."

Officials of the bank will make no statement. The bank is capitalized for \$100,000.

CONSTIPATION  
DESTROYS YOUR HEALTH

It is the source of tumors, cancer, tuberculosis, appendicitis, Crohn's disease, skin eruptions, piles, headaches, high and low blood pressure, heart, stomach, liver and kidney diseases, neuritis, edema, rheumatism, nervousness, etc. Four constipation is caused by a faulty colon; laxatives, enemata, etc., only make it worse. We have found by curing constipation you not only get rid of your present ailments but it prevents future diseases, because it purifies the blood. We repair the colon by an entirely new method not found elsewhere, thereby correcting constipation permanently and the result is general good health.

**FRANCE PLUCKS PLUMS IN SKY**  
Air Mail to South America Steals March on Us

**United States, Too, Can Get Important Traffic**  
Many Advantages Accrue to Quick Transport

**BY WILL IRWIN**  
[Copyright, 1928, in all countries, by the World America Newspaper Alliance.]

**ABOARD U.S.S. UTAH, EN ROUTE TO HAMPTON ROADS**  
(Va.) Dec. 26. (Exclusive)—While a committee of the Pan-American congress is struggling to arrange a convention to pave the way for an American air line between the United States and the great cities of temperate South America, France has stolen a march on us.

This winter France began the operation of an air and water mail service between the French capital and Buenos Aires, in western Argentina. This brings Paris within ten days of Buenos Aires by mail. Starting from Paris, land planes carry sacks of mail to Toulouse in hydroplanes, cross the Mediterranean to North Africa and from there land planes make the next stage to the port of Dakar in the French possession of Senegal. At Senegal there is a newly established line of fast packet boats which carry the mail to Natal on the coast of Brazil.

**FASTER TIME DUE**  
A look at the map will show that this is the point where the land masses of the two hemispheres approach each other most closely. The distance is about 2300 miles where New York is 3100 miles from Cherbourg.

From Natal the line delivers and picks up mail at Rio and several other important Brazilian towns then passes on to Buenos Aires and Montevideo. In a short time two days will be cut off this route by the establishment of a hydroplane service between Dakar and the Cape Verde Islands on the eastern sector of the coast, and between Natal and Fernando Noronha Island on the western.

Finally, the French promoters look forward to the time when the airships will be sufficiently stabilized to make it possible to hop between these two island groups, thus giving an all air route between Paris and Montevideo, and cutting the time to four or five days.

**PROPAGANDA WORKS**  
The French government is subsidizing this project at the rate of \$2,000,000 a year. It is doing it for palpable motives—political and the commercial interpretation of the richest South American countries. It is a species of propaganda and it is working.

Friends of ours in Buenos Aires remarked that whereas they used to receive American newspapers and periodicals long before those of Europe, now French publications come in far ahead of the rest. In consequence of this the first comment from outside capitals on world events will come from the Parisian press and our views will be stale by the time they reach Buenos Aires.

This is only one small example of the benefits to the French of this quickened communication. The pity of it from our point of view is that with an even break we could beat the French hands down by landing the Washington mails. The proposed route is from Washington to Florida, Havana, Panama, Lima, Santiago, Los Andes, Mendoza and Buenos Aires.

This includes twelve hours by train between Los Andes and Mendoza—the passage of the Andes is too high and too full of air pockets to permit safe and safe flying. That would involve night flying, but even that the experts say is perfectly practical if a little attention is paid to beacons.

**PASSENGERS, TOO**  
Subsidies for propaganda purposes are totally opposed to our American foreign policies. But many of our pioneer aviation men in South America believe that with liberal contract terms for mail carrying the project could be made to pay. They base this opinion largely on the experience of the mail-contract lines in Peru, which not only carry full cargo mail but have constantly more offers of passenger traffic than they can handle.

Railroad traffic down the west coast is slow and intermittent. Most passenger traffic is carried by ships, which make only a few stops an hour, whereas American planes make ninety miles. I believe such a line could do a most profitable business over the stretch of the Chilean desert between Arica and Antofagasta in the north and between Valparaiso and Santiago in the south, where the traffic is especially slow. Furthermore, in the airports of this district these planes would pick up Bolivian mails.

The latest report is that the Germans now are contemplating an all-air Zeppelin service to Buenos Aires. But that is in the future. The immediate fact is that France now is much nearer by mail to all the important cities of South America than the United States.

**Bank Asks More Power in Acting for Oil Heirs**  
WASHINGTON, Dec. 26. (P)—The United Security Bank and Trust Company has asked the District of Columbia Probate Court to appoint it as ancillary guardian of the estate of James McDonald, Jr., 18 years of age, and Robert A. McDonald, 13, grandsons of James McDonald, millionaire London resident, trustee of the Standard Oil Company who died several years ago.

The children are said to be living with their mother in San Mateo county, California, and the trust company has been designated by the court in that county as their guardian. The petition said appointment was necessary to enable the company to demand payment from trustees of more than \$1,000,000 in accumulated income from the estate.

One of the travelers fishing off the Murman coast of Russia under the protection of a British cruiser, landed 2300 seals at St.

**Three Cars in Jam on Highway**

**SAINT ANNA, DEC. 26.**  
A party of persons were killed and injured when a motor car crashed into a building on Christmas day in the town of Santa Anna, north of the city of Mexico.

The car, a 1927 Ford, was driven by a man named John Smith, who was killed instantly. Two other persons, a woman and a child, were also killed. Several others were injured.

The crash occurred on a highway near the town of Santa Anna. The car was traveling at a high speed when it lost control and crashed into a building.

The police are investigating the cause of the accident. It is believed that the driver was under the influence of alcohol.

# People Who Live In SANTA MONICA Certainly Enjoy Themselves

**W**HEN you come to live in Santa Monica or the Santa Monica Area, each day will be filled with an unusual variety of opportunity to enjoy life thoroughly.

Dip into the surf before breakfast . . . sun yourself lazily on the clean white sand . . . ride a horse into virgin canyons where beautiful sycamores bend over purling streams . . . play golf at your choice of 12 near-by clubs . . . fish from the pier . . . play tennis . . . motor along wide scenic boulevards . . . fly from the Municipal airport . . . any sport you want from croquet to polo.

Home life? From your flower-filled patio you can look out onto a world of inspiring beauty . . . shadowy mountains rolling gently down to Point Dume . . . the majestic Palisades . . . blue-and-green-and-white breakers . . . faraway islands . . . ships on the horizon . . . glorious sunsets.

These God-given advantages have been here so long . . . and Santa Monica is so firmly established . . . that an exceptionally high type of citizenry has been attracted . . . men and women of achievement in Literature, Music, Art, Statesmanship, Business. Their splendid influence is reflected in Santa Monica's institutions and environment. Only a city with Age and Experience can have this priceless quality. You can't go wrong by locating in Santa Monica, or the Greater Santa Monica Area.

- Santa Monica . . .**
- Population 50,000.
- 17 miles from Los Angeles by wide boulevards through the Southland's proudest residential sections.
- Clean wide streets, beautiful parks.
- Climate 10 degrees cooler in summer and 10 degrees warmer in winter than downtown Los Angeles.
- Municipal airport.
- Municipal golf links, tennis courts, archery field.
- Twelve country clubs within a few miles. Polo fields.
- Wonderful beaches, several beach and swimming clubs. Amusement piers.
- Few minutes' ride to new universities.
- Commission form of government.
- Splendid schools, churches, stores and hotels.
- Excellent woman's club.
- Various cultural and civic enterprises sponsored by a high type of citizenship.

**King of Italy at Opera Opening**  
ROME, Dec. 26. (P)—The winter season of the Royal Opera in Rome was inaugurated formally this evening in the presence of the King, Victor Emmanuel, clad in ordinary evening clothes like most of his opera loving subjects, was given a friendly demonstration.

Claudia Muzio, well known in New York and Chicago opera circles, interpreted the main role of the opera "La Norma," by Bellini.

**ARIZONA CONVICTS ESCAPE**  
FLORENCE (Ariz.) Dec. 26. (P)—Frank Williams and Christopher Davis, negroes serving time in the State prison here, escaped late this afternoon by overpowering a guard and taking his rifle and keys.

**OCEAN AIR LINE ANNOUNCED**  
Germany to Establish Service to South America Following Experiments Next Spring

NEW YORK, Dec. 26. (P)—Dr. Adolph Rohrbach, German aeronautical engineer, announced today that regular trans-Atlantic flying between Germany and South America would be started in the spring.

Dr. Rohrbach, who came here to experimental, to acquaint pilots and attend the International Aeronautical Congress at Washington, said the service would be operated by the Deutsche Lufttransport air line, using twelve passenger trimotored Rohrbach-Romar flying boats, three of which have already been built.

It is planned to make five stops, Spain, the Azores, Fernando do Noronha, off the coast of Brazil, Rio de Janeiro and Buenos Aires.

First flights in 1929 will be carrying 200 passengers.

**FIREMAN MEETS DEATH AS TRUCK HITS POLE**  
CLEVELAND, Dec. 26. (P)—Arthur Stanbury, fireman, was killed today when a hook and ladder truck skidded into a trolley pole, pinning him against the pole.

The fire truck was on its way to an east side home where Joseph Robinson, 11 years of age, was probably fatally burned when a five-gallon can of naphtha exploded.

**PARIS ALIENISTS PASS ON SANITY OF KLOTZ**  
PARIS, Dec. 26. (P)—Three government alienists who examined Luis Klotz, former Senator who is accused of luring checks without funds, reported today that he is not suffering any mental malady and is in full possession of his faculties.

**LEEDS BACKS "ANASTASIA"**  
Mystery Woman Declared in His Belief to be Daughter of Late Czar Nicholas

NEW YORK, Dec. 26. (P)—William B. Leeds has reaffirmed his belief in the claim made for Mme. Tschalkowski, Russian mystery woman, that she is the youngest daughter of the late Czar.

Mme. Tschalkowski, or as here she is known, is a very ill woman. She has never made an assertion about herself. She does not seem interested. Most of the relatives of the late Czar who declare she is not the Grand Duchess have never even taken the trouble to see her. Frankly, I do not know anything about it, but my wife is certain and I think she is in position to know. She has not been at our home for five months, but when she wishes to come back we will be glad to have her.

# **OIL NEWS**

BY HOWARD C. KEGLEY

With more than a score of wells at Santa Fe Springs ready for production tests, the output from that field may be expected to jump tremendously within the next ten days. The daily production from the deep zone is now approximately 100,000 barrels, virtually all of which has been brought in during the last few weeks, and the next three weeks probably will see this amount doubled.

It is chiefly the production of several of the big operating companies that is expected to increase the daily flow. These companies are able to do so because of the more wells simultaneously and complete them at about the same time.

The General Petroleum Corporation has cemented off eleven wells within the past three days at the top of the Buckbee sand. After a few days for the cement to set it is likely that two or three wells will be completed every day for a brief period.

The Shell Company has five wells below 5400 feet, and should start putting them on production within a week.

The Union Oil Company has six wells below 5200 feet and ten wells below 5000 feet. It is due to put several on production within the next ten days.

The Standard Oil Company has four wells below 5000 feet.

Three new wells at Santa Fe Springs and five at Signal Hill were authorized last week by the State Mining Bureau. Those at Santa Fe Springs are the No. 28 of George F. Getty, Inc.; No. 4 of the Star Petroleum Company and the No. 145-C of the General Petroleum Corporation.

At Signal Hill they are the No. 1 of the Congress Petroleum Corporation, the No. 1 of the D. M. F. Oil Company, the Goddard No. 1 of the Shell Company, the No. 1 and the No. 2 of Ole Hort.

Three Ventura-avenue permits were granted. These were the McOmble No. 5 of the Associated Oil Company, the S. P. Willett No. 2 of the Pacific Western Oil Company and the Hartman No. 19 of the Associated Oil Company.

Three permits were also granted for wells at Poco Creek. They are the O'Neil No. 8 of the Petroleum Securities Company, the Fitzhugh No. 1 of the Signal Oil and Gas Company and the Security No. 1 of the Shell Company.

The Rio Grande Oil Company has spudded in its Osborne No. 1 well at well near Downey, for the purpose of making a deep test of an area east of Santa Fe Springs. The well is north of Downey, nearly three miles east of Santa Fe Springs, and not far from Orangewood.

Several tests have been started in that area, but in most instances the drillers ran into mechanical or financial difficulties and were compelled to abandon the holes before completing deep tests. The new well is on a prolongation of the structural axis of the Santa Fe Springs field, in Lot 3, Block F, Tract 212. Rio Grande has blocked up several hundred acres of leases in the vicinity of the test.

**Water in Well**  
A water cut of 30 per cent has developed in the Union Oil Company's Alexander No. 14 at Santa Fe Springs. It came in Sunday night with a flow of about 8000 barrels a day and yesterday it gauged 8007 barrels for twenty-four hours. With a deduction of the 30 per cent, it still is making more than 6000 barrels of oil a day. The operators have not decided how they will proceed to handle the problem. The well has cemented its Bell No. 22 at 5415 feet. Its Alexander No. 11, which was cemented at 5330 feet, failed to get a satisfactory shut-

**NOTAS TELEGRÁFICAS**

**Norteamericanos que Cometo un Asesinato en México**

**CIDAD DE MÉJICO, Diciembre 26.**—Gosaro Benavente Martínez, dueño de una tienda en esta ciudad, murió hoy a consecuencia de las heridas que, según afirma la policía, le fueron infligidas por dos hombres por asalto. Bernice Bush, de 32 años de edad, que vivió hace tiempo en New Haven (Kentucky). Mientras se hacen las averiguaciones, la señora Bush ha sido detenida. Hace once años que vino ésta a Méjico, y, según dice la prensa de aquí, ella y el ocioso fueron buenos amigos hasta hace

significando un triunfo para el gobierno. Interpuso una demanda judicial contra Martínez, acusándole de haber malversado varios miles de dólares pertenecientes al gobierno. Dijo que la señora Ruiz, que es dueña de una tienda de sombreros en el centro del México comercial, disparó cinco tiros contra él, matando a dos de los cuales dieron en el blanco.

Annunciare una Línea Aérea Transoceánica Para Más Frecuencia

NUOVA ROMA. 25. — El ingeniero Adolf Rohrbach, ingeniero aeronáutico alemán, ha anunciado

hoy que en la primavera compran un servicio aéreo regular entre Alemania y la América del Sur.

El doctor Reinisch, que vino a Seattle para asistir al Congreso Aero-náutico Internacional de Washington, dijo que el servicio referido va a ser organizado por las líneas aéreas de la Deutsche Luftlinien, y que se emplearán en él tres motores.

Reinisch-Rohrback tiene tres motores para doce pasajeros. Tres de ellos están ya construidos.

Previase hacer cinco escalas en

los vísos: España, las Azores, Fernando de Noronha, isla que está frente a la costa brasileña, Riojaheiro y Buenos Aires.

Los primeros vuelos de 1929 serán experimentales, para que se familiaricen los pilotos y navegantes (cada avión lleva cuatro de tripulación) con las condiciones atmosféricas del

Atlántico del sur. Se para garantizar la seguridad del pasaje, fue necesario hacer un vuelo de ensayo; y en tal caso, se diferirá hasta 1930 el servicio regular para viajeros.

Agregó el doctor Rohrbach que, a su juicio, el avión transatlántico lo porvenir sería una servante con peso de 150 toneladas, con una capacidad de 250 personas, y capacidad para 200 viajeros.

Muere la que Fue Novia de Mark Twain

**HANNIBAL** (Miami). Diciembre 26.—Anoche falleció en la casa de su hijo, el juez Fraser, la señora Laura Fraser, madre de Mark Twain cuando éste era muchacho. El autor contó de ella su "Becky Thatcher" de "Huckleberry Finn" y de "Tom Sawyer".

Era una de las últimas supervivientes del pequeño grupo de gente de aquí, que concierne a la novela, que el autor de la novela, cuando éste era el decenio rapas que vagaba por todos los cerros que rodean a Hannibal.

La señora Fraser vivió en este lugar toda su vida. Su marido,

El doctor James W. Frazer, murió hace muchos años.

**La Policía de Nueva York Nada Sabe de los Asesinos de O'Higgins**

**NUOVA YORK, Septiembre 26.**— Hoy ha dicho el señor Sullivan, jefe de policía de Brooklyn, que nada se sabe de la anunciada presencia en esta ciudad de dos de los matadores de Kékin O'Higgins, miembro que fue del consejo de ministros del Estado Libre Irlandés.

Decía un despacho de **Montreal** que unos detectives del Estado Libre habían descubiertos a dichos individuos, a quienes se esperaba aprehenderlos de un momento a otro. Manifiesta el inspector Sullivan que ninguna noticia de tal descubrimiento se ha dado a la jefatura de policía.

Firmada por el señor don Luis Guzmán y el señor licenciado don Luis Maconnet L. presidente y secretario, respectivamente, del comité cuyo nombre encabezaba esta línea, se ha recibido en la redacción de "The Times" la siguiente lista dirigida a los ciudadanos mexicanos residentes en el Estado de California:

El comité organizador del vuelo transcontinental que realizará el piloto michicano don José León In-

via a sucesos extraordinarios, como el triunfo de la revolución, propiamente, para llevar a feliz éxito el recuerdo aéreo que, sin móviles políticos de ningún género, se propone hacer el aviador citadino, quien sólo trata de conquistar un nuevo título de gloria para su querida México.

Requisimos todos aquellos significados venturosos en el extranjero que tengan la gentileza de aceptar esta invitación, que se dignen enviar sus donativos a las oficinas de este comité, ubicadas en la Quinta

Calles de Morelos, número 372, Matamoros, Tamaulipas, México. Les aplicamos asimismo, a través de nuestros señores y domicilio, el fin de que figuren en las listas que deberán publicarse en la prensa.

Este comité anticipa sus agradecimientos a todos los ciudadanos mexicanos que tengan a bien contribuir con sus donaciones para el noble fin, y el de animar su patriotismo y generosidad que hará posible una empresa enaltecedora del nombre de México.

# Telephoto Brings Seizure of Los Angeles Ex-Official in Search

## PHOTOS BY WIRE TRAP FUGITIVE

Broadcast of Pictures Brings Arrest

Clarence R. Sneath Held in Louisiana Town

Traffic Board Secretary Wanted for Shortage

Pictures broadcast to all parts of the United States, Mexico and Canada over the telephoto system of the Southern California Telephone Company yesterday led to the trapping and arrest at Jennings, La., of Clarence R. Sneath, former executive secretary of the Los Angeles Traffic Commission, wanted here on embezzlement charges.

Sneath, who disappeared shortly after President Brand of the commission ordered an audit of the commission's books, successfully evaded arrest for two months. After his hiding place was located by means of the telephoto broadcast.

**SHORTAGE DISCLOSED**  
The audit, according to an announcement by the commission, disclosed a shortage of \$5000 in Sneath's accounts, and officers were armed with warrants and sent to several States to look for the missing secretary.

The search was unavailing until pictures of the fugitive, descriptions of his characteristics and facsimiles of his handwriting were sent out to sources of major cities over the telephone wires.

Hundreds of copies of these telephoto pictures were printed in the large cities and distributed to smaller adjacent communities, and the entire United States was virtually covered within twenty-four hours.

One of the many copies of telephoto found its way into the hands of the Jennings authorities and Sneath was soon recognized and taken into custody.

**MINDED FUGITIVE**  
Deputy Sheriff Charles Kelly and J. A. Kelley traced Sneath to Salt Lake City but missed him by half an hour, they reported. He then was traced to Denver, but there the officers lost the trail until Sneath was apprehended in Louisiana.

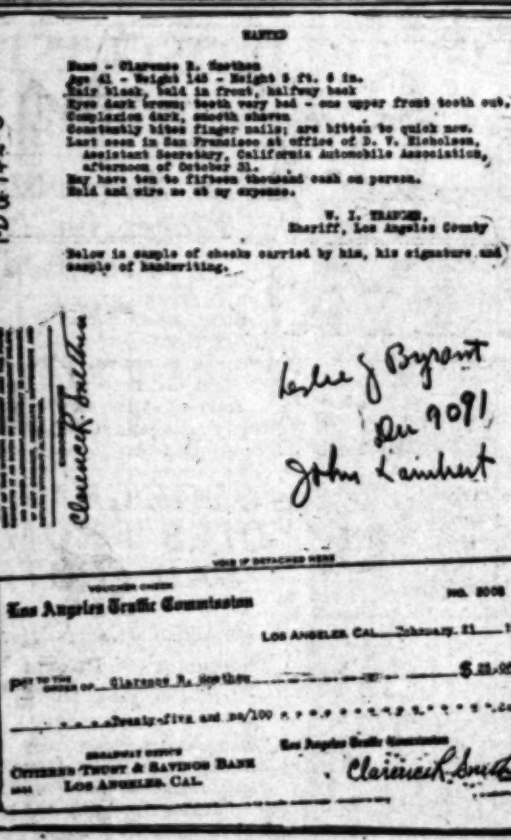

It is a Hanesley, chief special agent for the Southern California Telephone Company, accompanied by deputy sheriffs, left Los Angeles last night to return Sneath here for trial. Sneath has waived extradition, it was announced at the Sheriff's office.

**BREAKFAST CLUB TO MEET TOMORROW**  
Changing its meeting from Wednesday to Friday morning this week because of Christmas, the Breakfast Club will hold its final meeting of the year tomorrow morning. Hosts for the party will be Stuart A. Gouberston, Jr., and John W. Harris.

**HEARING POSTPONED**  
Hearing of protests against the lighting of Los Angeles Boulevard between Vermont and Serrano avenues was postponed yesterday by the Council to January 13. Estelle Taylor, otherwise Mrs. Jack Dempsey, was one of the protestants.

Pennants of Turkey have taken a fancy to printed handkerchiefs more than two feet square.

## Science Broadcasts Net to Apprehend Angeleno

Facsimile of description sent out that led to arrest in Louisiana of Clarence R. Sneath, former traffic commission secretary and at left the picture of Sneath that also was broadcast.

## HUGE NEW RE PLANT PLANNED

(Continued from First Page)  
The Fidelity Savings and Loan Association, of the Title Insurance and Guaranty Company and of the Los Angeles Chamber of Commerce. He is chairman of the manufacturing industries committee of the chamber, a director of the California Manufacturers' Association, member of the board of governors of the Foreign Trade Club and founder and president of the Monterey Park Land Company.

## RELIGIOUS LECTURE SERIES TO BE GIVEN

Dr. John Godfrey Hill, professor of biblical literature and religion at the University of Southern California, will give a series of twelve Wednesday morning lectures at the 1929 Institute of Religious Science and Philosophy, 2511 Wilshire Boulevard, from January 2 to March 20, discussing "Close-ups of Religion." Prof. Hill will talk from 11 to 11:45 o'clock. Dr. A. J. Rosanoff, lecturer in psychiatry at University College, middle-city evening division of the University of Southern California, is to give a lecture during the institute on Tuesday, January 22, on "Cause and Prevention of Mental Disorders."

The Queen of Spain and her two daughters, Infantas Beatrice and Christina, recently attended the meet of the Albright hunt at Tryon Manor, Eng.

## FINANCIERS GO TO TRIAL IN FEBRUARY

Demurrers Overruled in Cordish and Lasker Case and Date Set by Judge

Overruling demurrers to pending indictments, Superior Judge Wood yesterday ordered Nat Cordish and A. I. Lasker to go to trial February 18, next, on charges of grand theft. The defendants are charged with embezzling \$17,000 of stock of the Lasker Finance Corporation. The men were accused in a secret indictment returned by the grand jury a week ago.

Lasker also is charged with conspiracy to commit bribery in an indictment involving former Dist. Atty. Kaye, returned by the grand jury a month ago.

**ASSESSMENTS CONFIRMED**  
Assessments for four improvements were confirmed by the City Council yesterday, the thoroughfares to be improved being Vinton avenue north of Washington Boulevard; Avenue Forty-two between Midway and York Boulevard; One Hundred and Fifteenth street between Figueroa and Hoover streets; and the first alley west of San Julian street between Tenth and Eleventh streets.

## LOVE OF ACTOR LEFT TO WIFE

(Continued from First Page)

While at Camp Kearney, near San Diego, he broke his leg while playing in divisional football competition. It was through this mishap he met his wife.

Mary Pickford was mascot of the division and when she visited Thomson at the camp hospital she took Miss Marion with her and introduced her to the athlete. The romance started from this introduction and Miss Marion and Thomson were wed after the war, nine years ago.

**FILM START SLOW**  
It was then that he came to California bent on a career in pictures. His climb up the ladder of fame started slowly and his first work was doubling for western heroes of the screen. His first role in a picture was given him by Mary Pickford in "The Love Night," in which he played opposite her and the hero-villain.

This brought him a contract at Universal when he made a serial titled "The Eagle's Talons." He played varied roles and then planned on trying a career as a western hero. These plans were delayed for a time because he could not get a good horse with which to work.

**HORSE BRINGS SUCCESS**  
Finally at a riding academy in New York he spotted a horse which was an outlaw. He bought the horse and named it Silver King, which appeared with him in all of his pictures. His first western picture was made on the Universal lot for Joe Brown, a producer, at a cost of \$10,000. It was an instant hit and later Thomson signed with P.B.O. and made three pictures.

In 1927 he became affiliated with Paramount, making two pictures, "Jesse James" and "The Pioneer Scout."

His last picture was "Kit Carson." Shortly before his death, his friends say, he was conferring with several firms for a new picture contract after the expiration of his agreement with Paramount.

Thomson was also a close friend of Gene Tunney, retired heavyweight prize-fight champion. This friendship was formed during the war and on many occasions Tunney visited Thomson's home in the hills of Hollywood.

His greatest picture fan following, according to exhibitors, was in the smaller cities of the country and the so-called neighborhood playhouses.

## COST HEARING SET

The City Council has set for hearing today the confirmation of the assessment for the improvement of Barton avenue between Seward street and Las Palmas avenue and portions of other streets. It also has continued until today a hearing on the application of the Santa Fe Railway for a spur track permit across Tenth avenue north of Sixty-seventh street.

**ADVERTISING LEADER HERE**  
J. E. Cooke, president of the National Advertising Association of St. Louis, accompanied by his wife, arrived here yesterday for a three weeks' stay. "We are here on a pleasure trip," he said.

**A PUZZLE**  
A diamond valued at \$300,000 was an exhibit in a New York customs court last week, carefully protected by detectives and armed guards, while lawyers argued as to the qualities which made it valuable. One side asserted that it was an antique, therefore not subject to import duties. The other side argued that it was an imported gem, brought to compete with other gems offered in American jewelry stores, and therefore dutiable. Possibly a spectator or two wondered whether it could be proved that the stone was valuable at all. It could be exchanged for money, certainly, by anyone who could find a market for it—but why? There is no great beauty in an eighty-carat diamond, and certainly no usefulness.

Probably the way to settle this would be to ask the man who owns one.—(Exchange)

Probably under television the lonely wife can lure the errand spouse home evenings by holding a banana cream pie in front of the transmitter.—(Detroit News)

## INJUNCTION ON STREET PLAN LOSES

Judge Gates Refuses to Allow Restraint Order in Olive-Street Extension

Superior Judge Gates yesterday denied the appeal for an injunction brought by A. Otis Birch and his wife, M. Estelle Birch, property owners who endeavored to prevent the opening, improving and widening of Olive street from Pico Boulevard to Twenty-third street.

The ruling of Judge Gates, it is asserted, is one of the final steps before the actual work is begun under the ordinance passed by the city in 1925.

Birch and his wife raised objections to the \$35,553 assessment against their properties for the improvement. Their main contention was there had been irregularities in the enabling ordinance and the methods of publication and of the levying of the assessments.

After granting a temporary restraining order recently Judge Gates took the matter under advisement, considering the points in the case while absent from court on a vacation.

The city had filed demurrers to the injunction suit on the ground that the action of the Birches was not based on sufficient reasons to warrant the granting of a permanent restraining order.

## ARMY BARS CITY FIELD FOR TEST

(Continued from First Page)

ports to Washington. Maj. Spatz and Adamson in a Douglas C-2, Capt. Baker in a Boeing fighter and Lieut. Halverman and Capt. Fokker 7, sister ship of the Question Mark, composed the party.

**ROCKWELL CONFERENCE**  
At a conference at Rockwell field at 11 a.m. yesterday, after return of the flyers from their trip to the Los Angeles airport, reports were made on the progress of work on the Question Mark and the two refueling planes. It is anticipated all three will be in tip-top shape for flights today and that in all probability there will be some refueling contacts made in the air above Rockwell field either today or tomorrow.

A surprise was in store for the journalists today when they saw the Question Mark, for cat-walks have been built from the body of the big Fokker to the wing motors and on these two cat-walks Sgt. Hoot is to scramble out, in case of urgent necessity, to make repairs to the wing engines. In the event one of the engines goes temporarily out of commission the plane will be slowed down sufficiently to stop the propeller of the offending motor, then a heavy rubber-shod hook will be fastened to the propeller to hold it still. Sgt. Hoot, wearing a line-man's safety belt, will go out to the motor, hook onto it with his belt so that he may use both hands to work and replace spark plugs, valve springs or other parts.

**WEAR PARACHUTE**  
Granting the possibility of a mishap, Sgt. Hoot will wear a regulation army parachute during these delicate operations. Other members of the crew will only wear parachutes when "on duty," either while piloting the plane or while refueling.

An interesting feature of today's meeting was the recollection of Frank Biebert, now a City Councilman of San Diego, of some of the details of the world's first refueling flights made at Rockwell field in 1923 with Lieut. Lowell Smith and John Richter in one plane and Biebert and Virgil Hines in the other. The first flight lasted twenty-four hours and the second one thirty-four hours and at the time the Army regarded the feat as a rather useless and foolhardy stunt.

The forthcoming flight of the "Question Mark" is intended not only to test the length of life of engines in the air and to break a flock of world's records but also to demonstrate the possibility of making nonstop flights of tremendous length without sacrificing most of the carrying capacity of the plane to take care of the fuel.

## Filipino Songs to Be Feature of Convention

Native songs of the Philippines sung by artists of the insular empire will be a feature of the third anniversary program of the second national convention of the Filipino Federation of America beginning at 7:30 o'clock tonight at Trinity Auditorium.

The principal address will be delivered by Dr. Frank Collins, assistant Attorney-General during the McKinley, Roosevelt and Taft administrations. President Moncada will welcome the guests as master of ceremonies and will deliver his anniversary message. E. O. Pecora, general secretary of the federation, also will speak.

The convention, with headquarters at the Alexandria hotel, will in session until New Year's Day. Delegates representing 144 district branches are in attendance.

(Continued from First Page)

been doing a very good job of it. She was graduated from the law school of the University of Southern California in 1916. With her background of referee, which is in reality a quasi-judicial position, she will not be a novice on the bench by any means. The referee's position requires a great mass of accurate, detailed study and work. She likes that type of work best, she said, but when she goes on the bench in the Municipal Court she is going to do the job, whatever it be.

She seeks recreation in reading and singing, particularly the latter. Mrs. Emily Lahey, at 248 North Millon street. She is a member of the Professional Women's Club, having been president of that organization last year; the Women Lawyers' Club, the Los Angeles Bar Association, and the Republican Women's Study Club.

Along with Dr. Ed Lickley, City Prosecutor, also appointed by Gov. Young, she will take office January 7.

Commenting on the appointment of Miss Lahey Superior Judge Stephens yesterday took occasion to praise highly her work as referee in the Probate Court over which she presides.

"I cannot too highly praise Miss Lahey's ability and character," he said. "Since I have been sitting in the probate department of the Superior Court I have come in daily contact with her and I know that her appointment to the municipal bench by Gov. Young is a fine recognition of splendid public service."

Miss Lahey is an expert and a high authority on probate law and I cannot but regret that her new work is not along this line. While by this appointment the public will gain an able magistrate it will lose by having her talent directed to different work. I should be happier over the appointment had it been an advance in authority and salary in the Probate Court. She would make an ideal probate judge.

## THREE LITTLE GIRLS WONDER

(Continued from First Page)

however, and that the family would escort the body to China for burial. He took the children to San Pedro on the first boat, to arrange for the shipment of Mrs. Wong's body. On the way back to Los Angeles the Wong automobile crashed with another one at Main and Thirty-third streets.

Mr. Wong received a fractured skull and was removed to the General Hospital. Yesterday he died there.

The three little girls, Emma, 15 years of age; Jessie, 8, and Virginia, 6, are not going to China, Emma, speaking for her little sisters, sobbed last night.

Instead, the orphans are to remain here and attempt to live and educate themselves on the \$4000 which police surgeons found in their father's pockets after the accident.

A double funeral for the father and mother will be conducted from the chapel of Alvarez & Moore following an inquest over the father's body and the return of Mrs. Wong's body from San Francisco, where it had been placed aboard the boat the Wongs were scheduled to sail on tomorrow. Interment probably will be in Los Angeles.

The parents were born in China and came to Los Angeles many years ago. The father, 63, worked at odd jobs about Chinatown, while the mother, 45, washed and sewed for her family, while both saved for the trip they never were to take.

More than 250,000,000 pounds of sardines were eaten throughout the world in the past twelve months.

Quick relief for COLDS since 1889

## Portrait of a man catching cold

What is Granddad dreaming of as he dozes beside Junior's tree? Of presents joyously opened, perhaps... of his own childhood Christmases... of that wonderful, marvelous dinner of Clara's.

Little does he dream that those double helpings of roast duck and squash and cranberry sauce, pumpkin pie and nuts and coffee, may cost him days of sneezing and coughing, of headache and of fever.

One of the prime causes of the epidemic of after-Christmas colds is lowered resistance and vitality due to over-eating.

The slightest exposure then serves to bring on grip or "flu." This does not mean that you need miss the pleasures of holiday dinners. It does definitely suggest the wisdom of taking GROVE'S BROMO QUININE whenever you over-eat.

Take these pleasant tablets promptly, and you may side-step the cold entirely. For they always regulate and tone the system. They help nature throw colds off quickly. They build up general resistance.... One caution: make sure of getting the tablets you need and want, by emphasizing GROVE'S when asking for GROVE'S BROMO QUININE. Price 30c.

### FITTS WILL ALTER MODE FOR COURTS

District Attorney Plans Department Method Restoration

Los Angeles county courts will revert to the departmental system on January 2, next, according to an announcement made yesterday by Dist. Atty. Fitts.

This system, according to Fitts, will eliminate much of the congestion in court calendars experienced during the last few months and at the same time will relieve the crowded condition experienced by deputy district attorneys in their dealings with the courts.

Under this program all the major appointments of the District Attorney's office were made public for the first time yesterday.

The schedule tentatively approved follows: Robert Stewart, chief deputy; Wayne Jordan, assistant chief deputy; Daniel Beecher, chief trial deputy; Percy Hammon and Jesse Hession, in charge of grand jury matters; George Bush, in charge of master calendar proceedings; and Donner Richardson, head of the complaint department.

Other deputies will be assigned to different departments of Superior Court within the next twenty-four hours to take care of various matters pending. Dist. Atty. Fitts announced.

### MRS. GLAB'S OPPONENT LOSES BAIL

Herbert Frazelle Fails to Appear in Case Arising Out of Holiday Mix-up

Bail posted in the amount of \$200 by Herbert Frazelle of 1348 Ingraham street, to insure his appearance in Municipal Court to answer a charge of drunkenness filed by police following a fight asserted to have taken place between him and Mrs. Hazel Glab at his apartment early Christmas morning was ordered forfeited yesterday by Municipal Judge Garrett when the defendant failed to appear in court.

Police reported that they answered a call to the Frazelle apartment and found him and Mrs. Glab, together with Mr. and Mrs. Floyd C. Oden, 3220 Hamilton Way, about an automobile in front of the house. Frazelle and Mrs. Glab had been beating each other over the heads with loaded revolvers before the officers appeared, they declared, and both were bleeding from cuts on the head. Mrs. Glab was taken to the Georgia-street Receiving Hospital and Frazelle was taken to Central Police Station and booked as drunk, according to the officers.

### Actors Fight Fire in Film Studio Blaze

Screen actors and studio employees saved several thousand dollars worth of wardrobe and office equipment yesterday when fire broke out in the cutting rooms of the Charles Rogers Productions unit at Universal City, destroying the offices, cutting rooms and a paint shop. Damage is estimated at more than \$10,000.

Reed Howes, actor, was in the building when the fire broke out, and helped save some of the wardrobe belonging to Ken Maynard, western star, while studio employees carried out some of the office and other wardrobe articles. An explosion blew the roof off of the paint shop. Nobody was injured except for slight burns and bruises suffered by several of the volunteer firemen.

The reels of Ken Maynard's picture, "The California Mail," which Fred Allen, chief cutter, was working on at the time, were destroyed. The negative, however, is in the studio laboratory, saving a heavy loss. Twenty thousand feet of film was destroyed.

It is believed the fire started when a piece of film fell against an electric heater.

### HOTEL FRAUD PLAIN WILL BE AMENDED

A complaint charging Countess Charlotte de Chaquett with defrauding the Ambassador out of \$494 was dismissed by Municipal Judge Sheldon yesterday at the request of Deputy City Prosecutor Barnes. Barnes told the court that he desired to file an amended complaint. The Countess, whom police say is American born and a well-known writer, was not in court her attorney, S. S. Hahn, explaining that she was too ill to appear. Judge Sheldon set January 9, next, as the date for plea on the amended complaint, which Barnes declared he would file today.

### JOCKEY RIDES INTO TROUBLE

Had No Horse But Denied Stealing Roller Skates and Trial Date Set

Jack B. Cooney, jockey, had no horses to ride in Los Angeles, so he decided to try a pair of roller skates, according to Deputy City Prosecutor Hamilton, who issued a complaint charging Cooney with stealing a pair of skates from the automobile of Beryl Barrett, 1219 Florida street.

Before Municipal Judge Pope yesterday, Cooney pleaded not guilty and his trial was set for next Monday.

# Of Interest to Women

## CHEF WYMAN'S Suggestions for TOMORROW'S MENU

Every Tuesday and Friday at 1:30 o'clock Mrs. A. L. Wyman will conduct a free class and demonstration of good cooking in the lecture room of the Southwest Building, 130 South Broadway.

**Breakfast**  
Toasted Grapes  
Bacon and Eggs  
Jelly  
Milk  
Coffee

**Luncheon**  
Irish Stew with Dumplings  
Baked Potatoes  
Orange Fritters  
Buttermilk  
Dinner

**Supper**  
Tomato with Rice  
Green Onions  
Oysters  
Baked Mackerel  
Stuffed Potatoes  
Mashed Turnips  
Stuffed Tomato and Cheese Salad  
Chocolate Custard  
Coffee

**IRISH STEW**  
Cut one and one-half pounds of lamb into small pieces. Dredge each piece of meat in flour. Brown in the frying pan. Put in kettle, cover with water and cook slowly for one hour or until tender. Add potatoes cut in small dice, one-half a cupful of carrots, and three onions, after cooking thirty minutes. Season with salt, pepper and thicken with two tablespoonfuls of flour moistened in enough cold water to form a smooth paste. Serve with dumplings.

**TOMATO SOUP WITH RICE**  
Brown slightly one minced onion in one tablespoonful of butter, add one canful of tomatoes or a quart of medium-sized tomatoes cut in small pieces, season with salt, pepper, one tablespoonful of sugar and a pinch of paprika. Simmer a half hour, strain and thicken with one tablespoonful of flour moistened with

new chain bracelet kind. So she is joyously going jewel shopping to select just what she wants. And again we commend Uncle's wisdom.

**A Gracious Gift**  
I almost hesitate to tell of this gift, so intimate is it; but so very wonderful that it should have been thought of, that I must tell. One member of a certain family long has known the need of an operation, one quite intricate and costly, but has been struggling along without the needed treatment, because of financial shortage. So, a rich relative sent her a letter a few days before the great holiday, stating that all expenses would be defrayed for that too-long-deferred hospital affair. Could anything be more truly worth while than such a gift?

**Christmas Spirit?**  
Some person in search of holiday greens topped off one side of a beautiful tree in our parkway, totally spoiling the beauty of the tree, which was like a living fountain of verdure. Was not that a fine Christmas spirit to exhibit?

**DAUGHTER ARRIVES**  
Mrs. Allen Herbert, wife of F. Hugh Herbert, Paramount scenarioist, presented him with a baby daughter Christmas afternoon. Mrs. Herbert was her husband's secretary, Allen Appleby, when the two were married at the Metro-Goldwyn-Mayer lot about two years ago.

**It Only Takes Five Minutes**  
The well-groomed woman takes the few minutes necessary to change her frock after the afternoon party before she goes into the kitchen to prepare dinner. Then she always has a clean feeling about the clothes she wears when she goes out.

## Fete Will Have Boys as Guests

Large and small brothers, unrelated by blood, but united by the stronger bond of human need, tonight will attend the annual meeting and banquet of the Jewish Big Brothers, an organization maintained by the Community Chest.

One hundred "big brothers" and 300 "little brothers" will be present at the Breakers City Club, 318 South Westlake avenue.

A "big brother" is a business or professional man who undertakes to aid and counsel one or more "problem boys."

The committee in charge of the affair is composed of Dr. Louis Elmsig, chairman; Edward Steinberg, Sidney Irmans and Samuel Herman.

A musical and vaudeville program is headed by Andy Rice, Jr., vaudeville player; Gus Edwards, composer and play producer; Sam- uel Cohen, Benny Rubin, George A. Harris, Fred Fisher, Carl Laemmle, Jr. and Harry Green, known on the stage as George Washington, Jr., will do the entertaining.

**A Safer Plan**  
If in opening a jar or bottle containing liquid you break it, fasten a piece of absorbent cotton over the end of the funnel and strain the juice through this. The cotton will hold any tiny particle of glass and prevent its getting into the syrup.

**BAKED MACKEREL**  
Split the fish, clean and remove head and tail. Put in butter pan, sprinkle with salt and pepper and dot over with butter, (allowing one tablespoonful to a medium-sized fish.) pour over two-thirds of a cupful of milk. Bake twenty-five minutes in a hot oven.

**STUFFED TOMATOES AND CHEESE SALAD**  
Wash and skin six small tomatoes. Cut a piece from the stem end of each and when cold remove a portion of the pulp from the center. Then sprinkle with salt and invert on the ice to chill. Mash to a paste one small cream cheese, add two tablespoonfuls of chopped pineapples, one tablespoonful of French mustard. Blend well, moisten with a French dressing and fill into the tomato shells. Arrange on a bed of crisp lettuce leaves and pour over each tomato a tablespoonful of thick boiled dressing.

# SAFEWAY STORES

DISTRIBUTION WITHOUT WASTE

1928 is gone—the page is filled, the leaf has been turned and cannot be written upon again. Let it go! A new page is before us—a clean white sheet—unmarred by stumblings, mistakes and costly blunders that should be remembered only for the profitable lessons they carry. Perhaps one of the mistakes of last year was the old, wasteful, unsatisfactory way of buying foods.

This year let's try the new way, the better way, the "Safe Way." You, Mrs. Housewife, can make 1929 a year of saving and satisfaction of substantial contribution toward your family's better health, happiness and financial security—

by confining your food purchases to Safeway Stores. The whole Safeway organization wishes you the happiest New Year you have ever known and hopes you will allow us to help you make it also the most economical and satisfactory.

**Safeway Wishes All a Happy and Prosperous New Year**  
Prices Effective December 27th, 28th, 29th and 31st, Inclusive.  
Stores Closed All Day Tuesday, January 1st—Open Monday Evening.

**Coffee**  
A New Year Feature  
Safeway High Grade Coffee  
In bulk, ground fresh to your order. Roasted fresh in our own plant. Selected and blended by experts.

**2 Lbs. 75c**

**Jell-Well**  
A new and delicious flavor, MINT in addition to the other 6 True Fruit Flavors.

**3 Pkgs. 25c**

**Pale Face**  
The Chief of Pale Dry Ginger Ales.  
Carton of 12 12-oz. Bottles.  
Packed in new bottles.  
A new Year Feature.

**12 Bottles \$1.25**

**Petite Wafers**  
Fresh from the oven. Wax lined containers, they insure crispness.

**1-Lb. Carton . 16c**

**Mandarin Chow Mein Products**  
Chop Suey 9-oz. Can  
Noodles 4-oz. Tin  
Sauce 6-oz. Bottle  
Vegetables 15-oz. Can

**Can . . . . . 25c | 2 for . . . . . 35c | Bottle . . . . . 25c | Can . . . . . 30c**

**Fruits and Vegetables**  
Below we quote prices in effect in Safeway operated stands. All such stands bear the sign "Safeway Operated."

**Apples**  
Roman Beauty, Extra large, Fancy from Washington.

**4 Lbs. . . . . 25c**

**Grapefruit**  
Sunkist Imperial Grapefruit, Medium size.

**5 for . . . . . 25c | Dozen . . . . . 55c**

**Apples**  
Bellflower for pies, sauce or baking.

**8 Lbs. . . . . 25c**

You will find Safeway stands stocked with fresh Cranberries, Oranges, Sweet Potatoes, Cauliflower and many varieties of good apples, in addition to all other reasonable vegetables.

**More real estate offerings are printed by the LOS ANGELES TIMES than by all other five Los Angeles newspapers combined!**

## CEMENT PLANT FACES NEW FIRE

County Engineers Expected  
to Report Adversely

Clogging of Pipe Line Said  
to be Inevitable

Then Trucks Would be Used  
in "Emergency"

An adverse report on the feasibility of a cement pipe line from the proposed rock-crushing plant in the Santa Ynez Canyon to Santa Monica Bay is expected to be made to the Board of Supervisors Monday, it was asserted yesterday.

The report is expected to be made by the county engineers who were ordered to make an investigation at a recent board meeting. According to a prediction made by one of the engineers the operation of such a pipe line would have to be continuous "every minute of the day and night or the pipe would clog up."

Should the flow be stopped for any interval the limestone solution would harden and would necessitate the digging up of the pipe to blast out the solidified matter, it is asserted. In this event the product of the rock-crushing plant would have to be transported as an "emergency measure" in trucks.

### POLLUTION FEARED

According to Attorney Thorwald Siegfried the pipe line would have to be subjected to a continuous flow into the bay whether the barges were there to receive it or not. He declared that such action would fill the waters of the entire bay with the powdered solution of white limestone and would ruin the shore line of the beaches.

According to members of the Board of Supervisors the question of the county's jurisdiction will be settled. According to affidavits on file before the board the county has equal jurisdiction with the government over the extension of piers, wharves or wharves into the waters of the bay from the shore line.

### MANY OBJECTING

Even should the War Department see fit not to object to the proposed pipe line extension into the bay, the county still retains its jurisdiction and can stop the operation, it is contended by the objectors. Property owners of Beverly Hills, Santa Monica and Pacific Palisades have filed petitions and affidavits with the Federal government, the county and city objecting to the pipe line and any other enterprise tending toward the establishment of a quarry and rock-crushing plant in the district.

The county and city authorities have been besieged by scores of petitions against any consideration tending to change the zoning restrictions of the district. According to Attorney Siegfried the property owners will make an attempt to forestall any effort of the Los Angeles Mountain Park Company to obtain a change in the zoning laws.

## New Features for Mission Play Recital

An added feature of the special concert and organ presentation recital at the Mission Playhouse in San Gabriel next Sunday at 4 p.m. will be the first appearance of the new Mission Play male quartette and quartette organized by Florence Jefferson Madison. Mrs. Madison has elected to spend half of her year's leave of absence from the Mormon choir at Salt Lake City in directing the music of the Mission Play.

John Steven McGraw, who has personally supervised the play for seventeen years, says he never has heard anything as beautiful as the various solos and choruses under the direction of Mrs. Madison. The program Sunday is in celebration of the Christmas gift received in the form of a new pipe organ from a group headed by Arthur Letta, Jr., Harold Jans and W. I. Hollingsworth, president of the board of directors of the Mission Play.

The artists appearing include Ernest Douglas, organist for the Mission Play; Alexander F. Kelly, organist; Sol Cohen, violin; Mary Jane Sawyer, harp; Robert Alter, cello; and Alice Andrews Kelly, contralto soloist.

## Actress Levies to Regain Loan

Lita Grey Chaplin, former wife of the motion-picture comedian, Charles Chaplin, went before Superior Judge Hahn yesterday asking permission to foreclose a mortgage she holds on a lot owned by Frank Sullivan.

According to Mrs. Chaplin's petition, she loaned Sullivan \$4000 on the property. This amount, with accrued interest, making the total \$5308, is past due and unpaid. She said she couldn't find Sullivan and she wants her money.

After hearing the complaint Judge Hahn ordered the mortgage foreclosed. A receiver was appointed after posting a \$1000 bond.

## HEARING OPENED ON SUIT TO QUIET TITLE

A hearing of the suit brought by Pearl Levelein against Mabel G. Booth, administratrix of the estate of the late A. E. Gordon, to quiet the title to property valued at \$12,000, was begun yesterday before Superior Judge Hahn. A. E. Gordon died September 8, 1925. It is the contention of a daughter of the deceased that prior to her father's death the defendant and others used undue influence in getting him to sign a grant deed to the property involved. She asks that the instrument be set aside.

### CONTRACTS AWARDED

Contracts awarded yesterday by the Board of Public Works included the improvement of Santa Susana avenue from Devonshire to Marilla street for \$22,686, and the improvement of Council street between Junata avenue and New Hampshire avenue for \$14,533. Both projects call for grading, pavement and water systems.

## FOUR-YEAR CRUISE PLANNED

Film Writer to Tour World in Yacht

Pain Set For Long Trip

Left to right—Daniel Blum of Chicago, Stephen Miranda of Los Angeles and Mascot Sally.

SATISFYING a five-year's ambition, Stephen Miranda of Los Angeles will embark soon on a world's cruise with three companions. Miranda, son of Tom Miranda, scenario writer, and Daniel Blum of Chicago, are making final plans for the trip at San Francisco.

The voyage, which is planned to take four years, will be made in the yacht Nomad, a fifty-foot craft. It is equipped with auxiliary power, radio, motion picture and other modern equipment.

For the past three years Miranda has been connected with the motion-picture industry in the writing line, under the pen name of Maurice Stephens. Upon his return, he plans to write his experiences.

## Child Pleads Against Going Back to Home

"Please don't send me home to my mamma," were the words that came from the lips of 4-year-old Grace Navarro yesterday in the office of Miss Florence Woodhead, deputy district attorney in charge of domestic relations cases, which created a furor in the district attorney's office.

Grace, according to her statement to the officers, suffered a broken arm when her mother threw her from her bed at their home, 230 North Gage street. For more than a week the child has been confined in the General Hospital for treatment.

The mother's love concentrated on her first-born child, Genevieve, according to Miss Mabel L. Redfield of the Outdoor Relief Division of the Los Angeles County Charities.

More than a year ago, Miss Redfield says, she was called to the Navarro household on complaints of neighbors that Grace was being mistreated and abused by her parents. At that time the complaint was smothered over when the parents promised to treat the child in a more humane manner.

When officers went to the home of the Navarros yesterday they found that the parents, Mr. and Mrs. Benito Navarro, had moved the day before Christmas, leaving no forwarding address.

## Sanctuary for Sea Fowl Sought in City Limits

Suggestions for establishing a sanctuary within the confines of Los Angeles for sea fowl and other birds which frequent salt or fresh water have been approved by the Humane Commission, but the plan is faced with the difficulty of finding a suitable area in the city limits, according to the president, Mrs. Warren McIntyre.

She stated yesterday that a section of marshy ground is needed for the birds to nest under natural conditions but that because of the rapid development of the city's outlying districts with subdivisions and settlements no land is available. Suitable lands now are all outside the city, she said, playing them out of the department's jurisdiction.

## Thomas Cooney Dies on Visit

Funeral services for Thomas Cooney, 62 years of age, nephew of Gen. Albert Sidney Johnston of the Confederate army, were conducted yesterday in Hollywood Cemetery.

Mr. Cooney came here last week from Omaha, Neb., to visit his daughter, Mrs. Edward A. Griffin, wife of a Pathe motion-picture director, and formerly America Cheater of the New York stage. Mr. Cooney had been in ill health for some time.

## JURISTS TO SHIFT THEIR OCCUPATION

Four Reassignments in  
Superior Court Decided by  
New Presiding Judge

Four changes will be made among the Superior Court judges when Superior Judge Keetch succeeds Superior Judge Hahn on January 1 as presiding judge, it was announced yesterday. Judge Hahn will take charge of the civil jury master calendar now presided over by Superior Judge McLucas.

Superior Judge Schmidt will preside in Department 18, the civil nonjury master calendar court, relieving Superior Judge Hanby. Superior Judge Burnell will take the master calendar court in the new City Hall tower which has been presided over by Superior Judge Yankwich.

Superior Judge Haddell will succeed Superior Judge Guerin in Department 47, the other master calendar court in the City Hall tower. All the appointments made by Presiding Judge Keetch will become effective February 1.

## DRIVER HELD FOR MOTOR CRASH TRIAL

Hit-and-Run and Drunken  
Charges Pile Up After  
Story of Doctor

Theodore Ray of 1839 1/2 North Mariposa avenue, who was tried in Municipal Court some time ago on charges made by Jane Buckmaster, film extra, that he gave her a drink of liquor which brought blindness, was ordered held for trial by Superior Court on charges of drunken driving and hit-and-run driving yesterday by Municipal Judge Baird. Bail was fixed at \$2000.

Ray was charged by Dep. Atty. Thomas with crashing into and overturning another automobile at Beverly Boulevard and Wilton Place last Friday. When Dr. Lyle G. McNeille of the General Hospital, who saw the accident, testified that Ray attempted to escape in his car and was overhauled by McNeille at Melrose and Bronson avenues, Judge Baird ordered a special commitment prepared charging hit-and-run driving. Dr. McNeille declared that he attempted to give Ray a drunk test at the time he arrested him, but that the man was too drunk to stand.

Police Officer L. E. Bishop, another eyewitness of the crash, declared that Ray was too drunk to drive an automobile at the time.

## Steel Tests by X-Ray Planned

Internal fractures and strains of steel building beams will be the subjects of X-ray search in a series of experiments planned yesterday for the Western Metal Congress, January 14 to 18, next, at Shrine Auditorium and the Biltmore.

Wade W. Hampton, general chairman of arrangements, said it has been found that the X-ray will indicate on its negatives where there are flaws in metals. Due to new demands put on steel by the structural metal industry and aviation, it is necessary to locate these defects to safeguard human life.

The metal congress is expected to bring here the nation's leading scientists in this field as well as hundreds of industrial heads.

MASONS TO HEAR QUARTET The Apollo Quartet, members of the Los Angeles Elks' glee club, will participate in the program this evening given in honor of the installation of the incoming officers of Ramona Lodge No. 497, P. & A.M., at the Masonic Temple in Monterey Park. Miss Anna Whitefield, soprano, will be the principal soloist.

# J. W. Robinson Co.

## Fans—Bags

FAN (above) of Black Chantilly Lace mounted on a carved ebony frame at \$15.

Other styles at \$5.50 to \$12.50.

Evening bag (sketched above) of Rhinestones in gold colored cup setting with frame of gold inlaid with rhinestones at \$16.50.

FIRST FLOOR

## Footwear

ABOVE, All-white Crepe de Chine Opera Pumps at \$15.

Satin in the same style at \$12.50.

Silver Kid, with one strap, at \$15.

Rhinestone Shoe Buttons (sketched) at \$4 pair.

Crepe de Chine and Satin Shoes will be dyed to match one's evening gown at a very nominal charge.

THIRD FLOOR

## Jewelry

Above on figure—Choker of Crystals and Rhinestones at \$72.50. Matching Bracelet at \$37.50. Ear Rings at \$16.50 pair.

strength of the Trojans and Caddy Work's Bruina, who previously defeated the Hollywood clubmen, 40 to 25.

The U.C.L.A. cagers departed yesterday for Salt Lake where they will play the University of Utah quintet tomorrow and Saturday nights. The Bruins have walloped Pomona, LaVerne, Hollywood A.C. and the L.A.A.C. five by convincing scores and hope to keep their record unblemished up at Salt Lake.

Two good games are scheduled for local courts Saturday night when the Trojans will meet Fresno State at the U.S.C. pavilion and Coach Stan Joseph's L.A.A.C. quintet will face Occidental College in the Mercury gym.

Last year Fresno State gave the Trojans, who won the Coast Conference championship, quite a scare and figures to make it interesting for U.S.C. Saturday.

Over at Oxy Coach Eddie Kienholz has been drilling the Tigers hard ever since his return from Hawaii and hopes to give the Mercury outfit a battle. The way things look now the starting line-up Saturday will find Capt. Ketchersid and Dempster as forwards, Gettis at center, and Ellsworth and Elliott at the guard berths. Ellsworth and Glover recently shifted their athletic activities from football to basketball.

Coach Josephs believes that the Mercuries will be able to show to better advantage than last year, they did when they lost to U.C.L.A. 43 to 25, last week. The Bruin game marked the first appearance for the L.A.A.C. and their offense was not polished enough. Lawdell and Allman, forwards; McGreely, center, and Parker and McBurney, guards, are expected to start for the Mercuries.

[illegible][illegible]

## OVERSEAS SOCCER RESULTS

...start early this  
 ...and the last  
 ...scheduled to get  
 ...Mr. Froucher,  
 ...Mr. Morgan and

'GUARDSMAN' OPENS HERE IN JANUARY

Molnar Comedy to be New Repertory Production at Figueroa Playhouse

Ferenc Molnar's comedy, "The Guardsman," one of the New York Theater Guild's best-known successes, has been scheduled for production by the Los Angeles Repertory Theater for the Figueroa Playhouse.

The opening date is set for January 14, and a cast of principals comparable in talent and reputation, with those who gave the play its phenomenal popularity during its one-year run in New York, is being arranged.

"The Guardsman," which is now playing to capacity audiences in Boston, is one of the most delicately subtle and consistently entertaining of the works of Molnar. When produced by the New York Theater Guild it readily established itself as one of that organization's most worthwhile offerings.

The play is so closely balanced between romance and reality, farce and comedy, says Simon Oest, director of the Repertory Theater, "that it will require everything we can give it in the way of casting and production embellishments to have it appear at its best. It is to this end we are now working."

Molnar's plays are having a tremendous, nation-wide vogue. David Belasco last week staged his "Mama" and has given it the most pretentious production of his career. I feel certain that the charming fantasy and unusual appeal of "The Guardsman" will set it in high favor with all Los Angeles drama lovers.

The story centers about a famous Viennese actor and actress. Although they have been married slightly more than six months the husband has become suspicious and to test his wife's loyalty he writes a love note to her in the name of a Viennese gunsmith and arranges a rendezvous. In that guise he meets her and as she reveals her infatuation his identity is suddenly disclosed. It is at this point that her artifice and womanly charm are brought into play to set right the situation.

The Messrs. Behrmer, Gest and Reed, directors of the Los Angeles Repertory Theater, with Paul Irving, associate stage director, are now busy making cast selections. In the New York Theater Guild production were many of the foremost players in the American theater, including Alfred Lunt, Lynn Fontanne, Dudley Digges, Helen Westley, Edith Meiser, Philip Loeb and Kathryn Wilson.

'Taming of the Shrew' Begins Festive Week

The Stratford-Upon-Avon Festival Company will open its engagement of two weeks at the Mason Theater Monday night with a performance of "The Taming of the Shrew," which is one of the most humorous and delightful plays in its repertory and should prove an appropriate entertainment for New Year's Eve. The cast will be seen several of the most important members of the company in roles in which they have won success on the London stage and at Stratford.

Wildcat Walter will be the Petruchio and Dorothy Massingham the Katherine, while in the minor roles will be seen a number of the players who later in the week will impersonate the chief characters in other dramas to be represented.

Tuesday, New Year's Day, matinee and also Tuesday evening, "The Merry Wives of Windsor" is the play of the week for the rest of the week is as follows: Wednesday evening, "Hamlet"; January 3, "King Henry IV, Part I"; January 4, "A Midsummer Night's Dream"; January 5, matinee, "Julius Caesar"; evening, "The Taming of the Shrew."

YOUTHFUL JAZZ BAND

LED BY SAXOPHONIST

"Daddies" boasts a juvenile orchestra.

Little Anita Calfot is the leader and the other musicians include Patricia, Marjorie and Jimmy Loughheed, the triplets, and Evelyn Mills, who plays Uncle Sammy. Believe it or not, Robert McWade is the player who operates the instruments of percussion, in this instance a toy drum.

Anita is a saxophonist. Evelyn Mills plays the piano, and the three Loughheeds, Marjorie, Jimmy and Patsy, all have horns which they blow lustily.

Anita, pleased with Walter Chenoweth, resident manager of the Playhouse, to allow the orchestra to appear in the second performance of "Daddies" to be given on New Year's Eve. Chenoweth's refusal was based on the modesty of Robert McWade, who decided that he was not the right age to appear before an audience beating lustily with two sticks on a toy drum.

LITTLEFIELD AND SPOOKS

Lucien Littlefield has been signed by Wild Gunning to portray the featured character role in "The Haunted House," which is to go into production immediately. Littlefield will finish the featured characterization in "Childs," Fifth Avenue, opposite Vilma Banky, which Alfred Santoli is directing for Samuel Goldwyn, within the next few days.

ACTOR LIKES GOLF

Frank Craven, who is the author as well as the star of the golf comedy, "The Nineteenth Hole," coming to the Biltmore Theater Monday evening, is one of the best golfers in the actors' colony at Great Neck. Craven registers in the low eighties consistently and among his chief rivals for golfing honors among the players are Oscar Shaw and Ernest Truex.

WALLACE'S ASSEMBLY WORK

Richard Wallace is gradually assembling his cast to support Maurice Chevalier in "Innocent of Paris," which he is to direct for Paramount as a talking picture. Wallace recently completed the direction of "The Shopworn Angel" for the same organization, with Gary Cooper and Nancy Carroll in the stellar roles.

Trio of Roles Win Mention

Nancy Drexel

Continues to occupy a featured position at the Boulevard, where she is appearing in "Riley, the Cop" and "Forget Me Not." Friday the film house will screen "Prep and Pep," in which Miss Drexel again will be seen.

Destruction of Vessel Costly

Fifty-two thousand dollars for twenty feet of film!

That was the actual cost of twenty feet of film for "The Rescue," Samuel Goldwyn's picturization of Joseph Conrad's colorful novel, which is to open at the United Artists' Theater on Wednesday.

The \$52,000 was the cost to Goldwyn for an explosion in which a 250-foot schooner was completely demolished. This scene comes at the end of the picture, turns the tide for the hero, and is reported to be one of the finest examples of spectacular photography to reach the screen.

The explosion was filmed at the Isthmus of Catalina Island, and was heard for twenty-five miles. The force of the blast threw debris 5000 feet into the air.

Ronald Colman plays his most romantic role in "The Rescue" as the sailor who is forced to choose between loyalty to a promise and love. Lily Damita, the recently imported French star, makes her American debut in this film, under Herbert Brenson's direction.

Others in the cast are Theodore Von Eltz, John Carson, Duke Kahanamoku and Philip Strange.

Christmas Bill Closing Today

Today is the final day of the Christmas week show at Loew's State. New Year's activities will start tomorrow with a new program on stage and screen.

The closing bill features the Fox sound picture, "Romance of the Underworld," on the screen and the Fanchon and Marco Christmas Revue with live singing kiddies.

Norma Shearer in "A Lady of Chance" will take the screen tomorrow. Miss Shearer has the role of a gold digger who resorts to a clever use of tears to melt the hearts of her wealthy admirers.

John Mack Brown, Lovell Sherman and Owen Lee are in the cast of this Robert Z. Leonard production of Metro-Goldwyn-Mayer.

Fanchon and Marco will present their "Flip Flop" idea on the stage.

MUSICAL QUEEN WILL REIGN AT LINCOLN

Tonight marks the final performance of "Cheating Cheaters" at the Lincoln Theater, where the colored Lafayette Players are staging the Max Martin piece as a Christmas-week attraction.

Tomorrow night the Lincoln will resound with the lilting tunes of "Cross Your Heart," "Don't Forget," "Everything Will Happen for the Best" and other songs of "Queen High," musical comedy which is the Lincoln New Year's week attraction.

In addition to the Lafayette troupe, the cast of "Queen High" will include Mosby's Blue Blowers noted colored band.

COMEDY TARBOS WOMEN

Stephen Roberts has hit upon the novel idea of an "all-male" comedy which he is now directing for Educational with the locale a men's club. It is said to be one of the most amusing comedy plots this director has devised for the new team of Monty Collins and Vernon Dent.

Under the supervision of Jack White, Director Roberts is now producing his fourth successive picture with this team, which is fast becoming popular. Robert Graves and Al Thompson are also in the cast.

AMONG THE "GHOSTS"

Henrik Ibsen's play, "Ghosts," which opens an indefinite engagement at the Egan Theater Sunday evening, will have in the cast besides the English actress, E. Magnus Ingelton, Philip Morris as the son—a part he scored in last season at this theater—Trevor Lawler in the Nazimova part of the daughter, Frank Ball as the pastor and William Moran as Engstrand.

HONEYMOON IS EXTENDED

Pending the selection of his next story by the scenario department, Reginald Denny and his bride, former "Bubbles" Steiffel, have departed for the Universal comedy state mountain retreat. A vacation of at least one week has been given Denny by the studio officials, it was learned.

Von Sternberg Production to Open Tomorrow

"The Case of Lena Smith," Paramount's picturization of a novel of the same name, opens at the Metropolitan Friday in its world premiere showing as the attraction for New Year's week.

According to advance reports, the new film is outstanding among the Paramount products of the year and a personal triumph for Josef Von Sternberg, the director of "Underworld," "The Last Command," "The Drag Net" and "The Dock and the Docks."

Neither Ralston, previously seen in leading light, comedy and ingenue roles, proves herself a dramatic actress of ability, it is said. James Hall, likewise associated with lighter roles in the past, is a new type as a young Austrian officer. Others in the cast include Gustav Von Seyffertitz, Emily Fitzroy and Fred Kohler.

The stage attraction for the week will be "Parisian Nights."

Ceballos Revue Will be Called "Orange Grove"

Larry Ceballos, the ensemble chief of Warner Brothers Theater, is preparing a typical California spectacle to open Monday in connection with the showing of "Parisian Nights" in her singing-talking picture, "My Man."

The new Ceballos revue will be called "Orange Grove" and will be staged in a more or less real orange grove with orange trees, oranges and orange blossoms. With the aid of Frank Murphy, electrical chief of Warner's studio, this stage orange grove will be illuminated by varicolored "floods" and "spots," the whole offering what will probably be the most novel effect yet devised for a Ceballos revue.

The cast for the revue includes Ron and Lawrence, Rita and Ted, Josephine Huston, Sally Starr, the Twelve Stepping Fools and the Warner Brothers Theater ensemble of forty dancers.

Paula Brice is expected to score a pronounced hit in "My Man," as the new Vitaphone picture has already scored a triumph in New York, according to reports. Miss Brice sings seven songs during the course of the picture including her famous "My Man," from which the production takes its name, "Second-Hand Rose" and others of her repertoire of character songs.

In her supporting cast are Guinn Williams, Edna Murphy, Andre De Segurola, Richard Tucker, Ann Brody, Billy Seay and Arthur Hoyt. Archie Mayo directed.

Approval Will Govern Acts

"A racy, musical madcap" is what the program calls Lupino Lane's Hollywood Musical Box Revue, which greeted the opening Tuesday night makes the Lupino Lane entry a winner from the starting post, it is stated.

To the untiring effort and hearty co-operation of his company Lupino Lane expresses his gratitude.

"The Music Box Revue will be a revue in every sense of the word," says the diminutive star-producer. "We will be constantly offering new goods. In other words, each and every sketch, blackout and musical number in our revue will depend solely upon public approval. If one doesn't click as we believe it should out it comes. We are out to make this revue peppy, cozy and funny. To this end we are bending every effort."

ROGELL OPUS RATES HIGH ON YEAR LIST

That affable individual, Kris Kringle, brought Albert S. Rogell a Yuletide gift, of which he can feel justly proud. On Christmas day the latter was informed by the Hollywood representative of the Exhibitors' Herald, one of the largest film trade papers, that the "Shepherd of the Hills" had established box-office history for First National during the past fiscal year.

This picture was directed by Rogell, approximately eighteen months ago and had its premiere in Los Angeles. The opinions of critics coupled with the hearty acceptance by the public as manifested by the crowds that attended each performance augured an effulgent future for the production.

The box-office figures gathered from thousands of exhibitors throughout the United States and compiled by statisticians revealed "The Shepherd of the Hills" to be one of the four biggest and most successful pictures made during the past year, it is reported.

OLAND CALLED "FIND"

As the talking pictures progress one by one the actors who are destined to accomplish things in this new form of screen expression are being discovered, usually in their first talking roles. Warner Oland, long popular as a silent player, is the latest find of the talkies. Those who have seen and heard him in "Long War," the Lasky production shortly to be released, declare that he measures up to the mark. The picture features Wallace Beery as the leader of one long fighting the long headed by Oland.

DEL RUTH TAKES CARE

The same care which he has always exercised in the selection of casts for pictures which he has directed, is now being observed by Roy Del Ruth in choosing the principal characters for "The Hollenback," which he is shortly to make for Warner Brothers as a 100 per cent Vitaphone production. Del Ruth recently finished making "The Desert Song," also a Vitaphone picture.

MISS LYNN IN "FOLLIES"

Everyone has heard of the Ziegfeld Follies. Now we are to have the "Fox Follies," which will be a feature movie for the new season at the Fox studio. Sharon Lynn, who is being seen in "Give and Take," at Pantages this week, has one of the two important feminine roles in the "Fox Follies." She will play a song and dance girl in the picture.

DUFFY'S NEW YEAR PLANS

Two special performances have been scheduled for New Year's Eve at the Hollywood Playhouse, El Capitan and President theaters.

DUFFY ACCURATE IN "TYPING" PLAYERS

In the Henry Duffy Players production of "So This is London," the American parents are acted by Edmund Breese and Leah Winslow and the British parents by Lawrence Grant and Charles Selwynne, assuring accuracy in "typing."

Breese is a product of Brooklyn, while Leah Winslow was born in Bath, Me., and spent most of her girlhood in Boston. On the other hand, Lawrence Grant, who plays Sir Percy Beauchamp, was born in England, as was Charles Selwynne, who plays his wife. Both Grant and Miss Selwynne had long experience on the English stage before they came to this country, the former with Olga Nethersole, the latter to appear with Mary Boland.

TO WED OR NOT TO WED? PLAY DECIDES

The result of a wager among five bachelors that the first one to wed shall forfeit \$5000 to a common fund is the basis of the plot of "Daddies," which Robert McWade and the Henry Duffy Players are presenting at the Hollywood Playhouse. What happens when each bachelor finds himself the foster-father of a war orphan provides the humorous incidents of the play, which gain in hilarity as the fathers-by-proxy decide their adopted children must have mothers.

"Daddies" was produced by David Belasco and was one of his greatest comedy successes. It ran for a season at the Belasco Theater in New York.

RUBIN'S VITAPHONE ACT HAS SCREENING

Benny Rubin's first talking Vitaphone act is a feature of the current program at the Uptown Theater, where Lon Chaney's "West of Zanzibar" is showing.

Rubin is well known as a master of ceremonies and comedian and his first Vitaphone venture, entitled "Seven Minutes of Your Time," is exceptionally entertaining, if one is to judge from the laughter of audiences.

Rubin is now master of ceremonies at the Colony Theater in New York.

## DRUGBURGLARY SUSPECTS HELD

More Than 100 Store Thefts May Be Cleared Up

Two Brothers Arrested and Narcotics Recovered

Fingerprints Said to Link Pair to Recent Robberies

Solving of more than 100 drug store burglaries occurring during a period of six months is believed to have been accomplished by police with the recovery yesterday of nearly \$15,000 worth of narcotics in the home of one of two suspects arrested.

The discovery of the narcotics, consisting of hundreds of vials, bottles and boxes of opium, morphine, cocaine and numerous derivatives, was made by Detective Lieutenants Appleton and O'Neil working under the personal direction of Captain of Detectives Lynn at the police burglary detail and Captain of Detectives Seager, head of the narcotic squad. The drugs were contained in three suitcases found, according to the detectives, in the home of Howard Padgett, 24 years of age, at 3848 South Olive street. Howard and George Padgett, 36, brothers, were taken into custody late Saturday night while in the act of robbing a drug store in Long Beach, according to police. For months Capt. Lynn and Seager had been conducting constant search for the burglars, who were, night after night, breaking into local drug stores and depleting the contents of large stocks of narcotics and merchandise. Lynn immediately communicated with Long Beach authorities and the two suspects were brought here. Their fingerprints were taken within several hours. Fingerprint experts Barlow and Sullivan reported finding their prints in twenty-five different local drug-store burglaries.

Additional identifications were made yesterday, the detectives stated, and before the investigation of the two suspects' asserted nocturnal activities is completed they hope to clear up more than 100 burglaries.

## Science Gives Crash Victim New Features

Thanks to surgical science, Dr. Thurlow Miller of San Francisco faces the new year with a new face.

This was revealed here yesterday, when the San Francisco physician and surgeon was found at the Nottingham Apartments.

Retired from the practice of his profession six years ago by an auto accident in which his face was badly mutilated, Dr. Miller has traveled the world seeking aid in his misfortune. Partly blind from his eyes being wrenched out of position, his steps were guided by Bob Evans, a boxer of the Olympic Club of San Francisco.

The doctor's wanderings finally brought him to Los Angeles, where, in April of 1932, he placed himself under the care of Dr. William E. Baehner, local plastic surgeon. Surgical efforts continued constantly over a period of almost three years and have ended in success, according to the patient.

## TAILOR ARRESTED ON MAIL FRAUD CHARGE

Samuel Schwartz, 46 years of age, 8175 Sunset boulevard, was arrested to his tailor shop at Third and Los Angeles streets yesterday by Detective Lieutenants Hammen and Lloyd on a Federal grand jury indictment charging violation of the Federal statutes against using the mails to defraud. He was booked at the City Jail, where he is being held for Federal authorities.

## JAIL'S DOORS OPEN SO BABE MAY MISS SHADOW OF BARS

Only a conspiracy between Dr. Benjamin Blank, county jail physician, Santa Claus and the stork prevented the young son of Mrs. Mary Zako, 35-year-old widow from being born in the County Jail on Christmas Day it was revealed yesterday.

Mrs. Zako was in jail on a charge of petty theft preferred by Venice Police, the record was found.

While the Christmas festivities were at their height, Dr. Blank

received an urgent call from Mrs. Vada Sullivan, chief matron of the jail.

Despite recent conflicting decisions ruling that it is illegal to remove a prisoner from the jail without a court order, Dr. Blank ordered Mrs. Zako taken to the General Hospital at once. A half-hour later a ten-pound boy was born.

Mrs. Zako is scheduled to appear in court next Thursday to answer to the petty theft charge.

SAINT NICK PLEASES EVERYBODY

At Least, That's What Flabbergasted Exchange Group at Stores Believe as Usual Mob Clamoring for Changes in Gifts Fails to Show Up

Once more the trite old assertion that wonders never cease appears to contain some measure of truth, if an almost unheard-of condition in the Los Angeles stores yesterday proves anything. After-Christmas exchanges, according to exchange-department managers, were conspicuous by their scarcity, which, by a process of deductive reasoning, should indicate that the majority of the city recipients of gifts actually were satisfied and which, in turn, should rank as a phenomenon of the first order.

A survey of this situation yesterday revealed these selfsame managers in a state of bewilderment. Whereas normally the day after Christmas is very little different than the day before, what with seething throngs clamoring to exchange this, that and the other, the strange turn in the situation this year leaves the stores at an absolute loss to explain the why and wherefore of it. Nor can they quite believe it will last and a condition of breathless suspense seems to be hanging in the air while they wait to see what the next few days will bring forth.

At one large department store, where there are four windows for returning purposes, instead of the usual mob laden with boxes and reasons why they should be taken back, there were just a straggling

Police Make Important Discovery  
Officers examining narcotics reported found in home of theft suspect. Left, Detective Lieutenant Appleton, and Officer Dinnuso.

## MARCO QUIZ TO BE RESUMED

Grand Jury Also Scheduled to Take Up Jacobson Case When It Reconvenes January 2

Investigation into the Albert Marco "favoritism" case, wherein the convicted vice henchman is asserted to have been granted special privileges in the County Jail, will be taken up by the county grand jury when it reconvenes January 2, it was indicated yesterday.

Although a committee of the jury was in session yesterday, it was declared that only routine matters were taken up.

The asserted frame-up against Councilman Jacobson, when that city official was arrested in the home of Caille Grimes, and a "renegade" to the police department on the incarceration of Mrs. Christine Collins in the psychopathic ward of the General Hospital when she refused to accept an impostor as her son, will also demand the attention of the jury when it reconvenes, it was indicated yesterday.

Councilman Jacobson said yesterday that inasmuch as the grand jury is investigating the asserted sewer-flusher scandal "we will co-operate with that body, but make no separate investigation."

The official's statement was taken to mean that a group of Councilmen probably are interested in forcing the investigation into the asserted \$500,000 irregularity in the installation and removal of patented sewer flushers in several assessment districts which was started by the grand jury last week.

## Gas Explosions in Leaky Ovens Injure Women

Leaky gas ovens caused explosions in two homes which resulted in serious injuries to two women yesterday.

Mrs. Goldie Visconian, 67, 1-2 Venice boulevard, was knocked unconscious and burned about the head, shoulders and arms when accumulated gas in the kitchen range exploded while she was preparing dinner. She was taken to the General Hospital.

Mrs. Elsie Todter, 918 West Eighteenth street, was knocked down and burned by the explosion of the oven of the kitchen range last night. Police took her to the Georgia-street Receiving Hospital. Her burns are so serious she was moved to Angelus Hospital.

## RECORD NUMBER TRY LIQUID CHEER

Christmas liquor took 115 men into Municipal Judge Garrett's court yesterday charged with imbibing too freely of bottled cheer. The round-up was the largest in the history of the court, according to Clerk Harry Scott.

Five of those who faced the court were charged with being drunk in automobiles, and each was ordered to discontinue driving for a period of from six months to a year, in addition to being fined. Those who in automobiles were sentenced to pay fines ranging from \$10 to \$40 following their pleas of guilty.

Frank Malone, 1625 West Adams street, and George Levy, 707 West Fifth street, had their automobile driver's permits suspended by Judge Garrett for one year each, while Odie Beary, 1289 East Forty-third street, Thomas Burke, Inglewood, and David J. Fitzpatrick must refrain from driving for six months each.

## SUPERVISORS FLEDGE CO-OPERATION WITH FITTS

At a conference between Dist. Atty. Fitts and members of the Board of Supervisors yesterday, according to the county official, he will co-operate with him in every way and further his efforts to make his department fully efficient.

Dist. Atty. Fitts will have the staff he asked the Supervisors to give him. His request for special appointments will be granted and in time all the classified appointment men will take the civil service examination and be rated in the classified service in the county.

In the matter of special investigators, according to the county official, a number of them will be in the classified service. They will not be tagged in the Civil Service Bureau because they will be working secretly as "under-cover" men.

The necessary ordinance to place the official stamp on the District Attorney's request was not passed yesterday, but the board indicated that it will be adopted.

Dist. Atty. Fitts asked for five investigators at a salary of \$10 a day. In the first draft of his request he asked for four.

Another new appointee who will hold a position on the staff of the District Attorney in the juvenile department of the Superior Court at Long Beach is Miss Beatrice M.

## FITTS DISCLOSES RUM BAND PLANS

(Continued from First Page)

On New Year's night would be under the co-ordinated action of Lucien Wheeler, representing the District Attorney's office; Clyde Plummer, representing the police department; Capt. Benton, representing the Sheriff's office; W. L. Peters, representing the prohibition administrator, and Capt. Tom O'Brien, of the District Attorney's liquor squad.

"There is no desire on the part of these law-enforcement agencies to stifle any legitimate amusement on the part of the public during this season, or hereafter, but there is a desire and a determination, on the part of these officers, to see that the law is observed by all alike. We are asking, however, the co-operation of the managers and owners of these public places and the public in the enforcement of the law."

"We have been assured by them that they will undertake to police their establishments. If they do, neither they, nor their patrons will be disturbed. If a violation of the law occurs, however, it will be the manifest duty of any officer who may be present to arrest the offender without the necessity of any spectacular action."

"The decent, law-abiding people of this community have nothing to fear nor will they suffer any embarrassment in the enforcement of the season's festivities in a proper manner in the clubs, cafes or hotels of this county."

"In fairness we have informed them that agencies will be present upon this occasion. If such co-operation is not forthcoming there remains the only other alternative, and that is to take small step in and perform our duty."

## FRATERNITY ALUMNI TO DINE TODAY

Program Arranged for Association's Banquet and Surprise Promised

The sixth annual banquet of the Interfraternity Alumni Association of Southern California will be given tonight at the Elks' Club. No formal invitation is necessary, membership in a Greek letter fraternity being the only prerequisite, and the admission price of \$3.50 includes a year's membership in the association.

A number of motion-picture stars and prominent football coaches and players will be special guests and the program includes speaking, music and vaudeville acts. A seventeen-piece girls' band furnished by Silverwoods will play during the meal. The main event of the evening, according to Dr. Carl J. Rice, chairman of the banquet committee, is unannounced and will be a surprise to those attending the banquet.

Shirley E. Meserve, president of the association, will preside. Ticket sales are in charge of Edward M. Loftus, 659 South Spring street. The banquet will commence at 6:30 p.m.

## FUNERAL ARRANGED FOR MARVIN J. SHIPE

Funeral services for Marvin J. Shipe, 67 years of age, a resident of California for six years, mainly in Long Beach and Los Angeles, will be conducted at 10:30 this morning at Reed Brothers' undertaking parlors, 721 West Washington street. Burial will take place in Inglewood Park Cemetery. Mr. Shipe resided at 4169 Denker avenue, where his death occurred the 23rd inst. He leaves his widow, Molly R. Shipe, and five children.

## CITY EMPLOYEE DIES

The funeral of William T. Lynahey, for six years in the clerical department of the Los Angeles Power and Water Company, will be conducted today at 2 o'clock at the Ruppert Mortuary, 950 West Washington street. Burial will be in Inglewood Park Cemetery.

## SHORT STORY

"They met under the mistletoe on Christmas Eve. 'Do you know,' she said, 'you are the first man to kiss me.' 'Well, well,' replied the man, 'you must have taken a correspondence course—you certainly do not act like a beginner.'"

## RARE BIRD FOR ISLAND FLOCK

Looks Like Turkey but It's Different

## GIRL SHATTERS MURDER ALIBI

Mystery Killing of Peddler Believed Cleared

Police Expect Confession in Saturday Night Crime

One of Arrested Pair Fails to Prove His Story

The statement of a pretty 22-year-old girl, said by police to have shattered her sweetheart's alibi, led to the probable solution of the mystery of the brutal slaying Saturday night of Clay Johnson, 55, peddler and reclusive, and the filing of charges of murder against Ralph Moorehead, 24, and Maurice Moorehead, 21, truck driver.

Irene Blake is the girl who told police last night that she had not seen with Moorehead at the hour Saturday night when the latter asserted she was, and strengthened the chain of evidence which investigators have welded around Moorehead and Anticoum, they declared.

Moorehead is the operator of an automobile service station at Ninth and Wall streets where Johnson was slain. He admitted to police, they reported, that he fought with a woman Saturday night, and implicated Anticoum, who operates a truck from the service station, in the combat believed to have preceded the slaying.

The service-station operator denied all knowledge of the crime when first arrested, police said, and told of having been with his sweetheart, Miss Blake, at the hour fixed for the crime. His alibi was refuted by the girl, however, and a full confession is expected this morning. Anticoum denies any participation in a fight and maintains innocence of connection with the affair.

Johnson, who formerly lived in Los Angeles, arrived at the service station last Wednesday and paid for the privilege of parking his car, in which he slept, for one week. He was known to have carried several hundred dollars on his person and when police were unable to find any appreciable sums among the slain man's belongings, robbery was attributed as the motive for the crime.

## BODY DRAGGED FIFTY FEET

The peddler's body was found horribly mutilated near his car shortly before midnight Saturday and there were evidences of a fierce struggle with his assailants. His skull was crushed by several blows from a heavy instrument, police reported, and there were severe contusions on his body. Ground around the station grounds indicated that the body had been dragged more than fifty feet after Johnson had been subdued.

Detective Lieutenant E. C. Vanacker of the Georgia-street homicide squad, Detective Lieutenant L. E. Sanderson of the Central Station homicide squad, and Assistant Chief of Detectives B. F. Matthews of the District Attorney's office were assigned to the case and declared that complete confessions are expected within the next twenty-four hours. Moorehead and Anticoum were arrested Sunday.

## AMENDMENTS TO BE TOPIC

Discussion of the pending amendments to the disabled emergency officers' measure now before the House of Representatives, is scheduled for a meeting of the Southern California chapter of the Disabled Emergency Officers at Patriotic Hall tonight. Dr. W. C. Lucas, vice-commander of the chapter, will read copies of the amendments to the original Tyson-Fitzgerald bill, as sponsored by Representative Crall.

## SHOOTING CASE Victim's Death Alters Charge

Following the death from gunshot wounds of Jose Hernandez yesterday at the General Hospital, the booking against Julio Gonzales, his asserted assailant, was changed from an assault to a suspicion of murder charge. Gonzales is at the City Jail.

The fatal wounds were inflicted during a street quarrel on the night of the 18th inst., according to the police. Officer Harry M. Bunker, who witnessed the shooting and disarmed and arrested Gonzales, the police say.

Gonzales, who is 35 years of age and lives at 638 Alpine street, according to police records, was questioned also in connection with the slaying of Patrolman James H. Carter on the morning of March 18, last. Carter stopped two Mexicans on the street and one of them shot him. He died the same day at the Georgia-street Receiving Hospital. Gonzales was released after being questioned.

## FOUR-CYLINDER LOVE

Save your old Ford. Henry may buy it back some day as an antique. We wish now we had saved our first automobile—which we were tickled at the time to let go to an other chump for \$80. That old automobile had two cylinders and no windshield and you had to crank it on the side. Its speed was so terrific—twelve miles an hour—that our friends were all afraid to ride in it and we thought seriously of having it sealed down to lower speed. Yes, the old Ford, like everything else belonging to the "good old days," is now fast disappearing. Soon it will be extinct, like the dodo. Then people will begin to prize it, even if they don't want it.—The Faithfuler.
